Fifty-Fourth Year

Canyon, Texas,

Thursday, October 20, 1949

Number 33

## Christmas Pageant at Palo Duro Park

The Christ story beginning with Abraham and concluding with the birth of Christ will be presented each evening in Palo Duro Canyon State Park, December 16, 17, 18, 20, 21, 22 and 23.

The mammoth pageant, using more than 800 Panhandle people, is the largest spectacle ever attempted by Geller Productions, outstanding Hollywood producers of indoor and outdoor pageants. This event is sponsored and endorsed by the Amarillo Ministerial Alliance.

Staged in eight scenes, the story will be portrayed on the rim of Palo Duro Canyon between El Coronado Lodge and the State Park gate.

The vast and sweeping canyon will be a cathedral-like background for this event which has been titled "The Beginning of Glory—The Christ Story."

The production and story originated by John L. McCarty, Southwest Public Relations Counsel, will for the first time present in outdoor pageant form the background Bible stories leading to the coming of Christ. Most such stories, including the famous Passion Play, deal almost exclusively with the life of Christ.

The show will begin promptly at 7:00 o'clock each evening and will present a thirty-minute musical and song prelude. The eight scenes in pantomime and with narration are: "Abraham, the Friend of God," "Story of Moses, a Lawgiver," "David, the Shepherd King," "Solomon, the Wise and Foolish," "Through Elijah God is Praised Again," "Foretelling the Messiah," and "Jesus is Born in Bethlehem."

Rev. Galen Onstad, Rector of St. Andrews Episcopal Church and president of the Amarillo Ministerial Alliance, heads the committee of five outstanding ministers in charge of approving the pageant scenes and publicizing the event.

Rev. Onstad said that he and his committee were both surprised and greatly pleased that Geller Productions showed such good taste in choosing Biblical scenes which not only have dramatic effect but give the Christ Story its magnificent sweep.

Serving on the Alliance committee with Rev. Onstad are Dr. Roy C. Snodgrass, pastor of First Chris-

tian Church, Amarillo, and former president of the International Council of the Disciples of Christ; Dr. Francis W. Pritchard, pastor of First Presbyterian Church, Amarillo; Dr. Ray Rosello, pastor First Baptist Church, Amarillo; and Dr. Neal W. Cannon, pastor Polk Street Methodist Church, Amarillo.

This committee has already reviewed a synopsis of the pageant and each of its eight scenes, and were wholehearted in their support of the portrayal planned. The committee will seek the cooperation of all Panhandle churches and schools in making the spectacle an annual event.

Geller Productions, producers of the pageant, has been working on the script and scenes for several months. Leon Drew, General Manager of Geller Productions, terms the production one of the most ambitious his organization has ever undertaken.

The name of Geller has been famous in the production of outdoor spectacles for 25 years. Early in his career Jack Geller was associated with an eastern company. During the Century of Progress Exposition in Chicago, 1933-34, Mr. Geller was chief of pageants, supervising the many stages and booths both seasons of the fair.

Among recent Geller productions are Boerne Centennial, Boerne, Texas; Water Carnival, Fort Stockton, Texas; Alamada County Centennial, Pleasanton, California; Angelina County Centennial, Lufkin, Texas; Montgomery County Centennial, (Continued on Last Page)

## Wes Izzard Made Talk Tuesday Nite Rotary Ann Dinner

Wes Izzard, editor of the Amarillo Globe-News, was the speaker Tuesday night at the annual Rotary Ann dinner, which was attended by 100 Rotarians and their Rotary Anns. He took for his theme the little people of Europe. Mr. Izzard and former mayor Lawrence Hazy of Amarillo toured Europe this summer.

The unhappiest people of Europe are the British; the happiest are the Italians; the hardest working people are the Germans; the most tolerant are the French, according to his observation.

England is broke. The people do not have sufficient food or clothing; their vast empire has been broken up; and the resources spent in two wars. The tragedy is that the people are taking their situation lying down; they are not fighting back. Socialism is not alone to blame, but ineffectiveness seems to be gone. The people are so accustomed to regimentation that they take the situation for granted.

The Italians are the worst off of any people, but they are happy. Many families have incomes of \$200 per annum or less, and prices are as high as here in America. The Communies have been whipped, but they are waiting for a depression to hit Italy when they hope to stage a comeback.

In Germany 42,000 factories are turning out goods to compete with the British. Almost over night the Germans took on new life after the worthless Hitler currency was retired and new marks replaced this money. While wages are low and living standards are below average the people are working hard. Yet there is unrest, and the various groups squabble among themselves. A lot of old Nazis are getting back into prominent places, simply because they were the only ones who knew how to run the banks, the steel mills, and railroads and other industries.

France is carefree, yet tolerant. Paris is the playground of the world. The people take off 2½ hours at noon so they can stroll, but go no place. In Paris you do not get pushed off the sidewalk; no one is in a hurry. The small town French are all together different. The people are hard working, and know where they are going. Yet there is no more difference between Paris and the country towns than between New York and the Plains of Texas.

"If we could by-pass the politicians of Russia, we could get along with the Russians," was the observation of Russia.

Switzerland the Scotland are the garden spots of Europe.

A male quartet composed of Bill Wilson, J. B. Roberts, Crannell Toliver and Win Matsler furnished special music.

ATTEND FUNERAL  
Mr. and Mrs. L. A. Donnell attended the funeral rites for John Alexander at Memphis last Sunday. Mr. Alexander's death followed the death of another brother, J. S. Alexander, after only four days. The men were brothers of D. H. Alexander of Hereford and R. G. Alexander of Silverton, and were known to many Canyon people.

## L. A. Pierce Is Resting Well—Fell on Sidewalk

L. A. Pierce, pioneer resident of Randall county, suffered a severe cut on his head and two broken ribs as the result of a fall on the west side of the square last Wednesday afternoon. He was in the Nebbett Hospital until Saturday, when he was removed to his home.

Mr. Pierce was talking with friends on the street when he evidently fell backward on the concrete while joking with the group. He is unable to tell just what happened.

It is hoped that he will soon be able to come up town for his daily visits. He is in his 84th year, and has spent most of his life in the stock business until he retired several years ago.

## Hot Checks Are on the Increase Reports Attorney

According to County Attorney Hayden Weaver, the volume of 'hot checks' given to Canyon merchants has increased sharply in the past few weeks. Very few of the 'hot checks' have been given by home town folks, and it is the people traveling through town who want to get a check cashed that have to be watched pretty carefully. The County Attorney has several suggestions on how this 'hot check racket' can be stopped.

Merchants should be extremely careful in taking checks drawn by OUT OF COUNTY people on OUT OF COUNTY banks. The out of county drawer of a check that bounces is frequently difficult to find, and if he can be found, prosecution is difficult because of the necessity of bringing in out of county witnesses. If a check is cashed for an out of town party, a strict examination should be made of his identification cards to get information which might be of help in locating him in the event the check is turned down for payment. Most of the checks that can't be collected and prosecuted are given to merchants who fail to get adequate information as to where the maker could be located.

Persons taking checks should see that it is properly dated, bearing in mind that a post dated check cannot be the basis of a criminal prosecution.

Merchants should be especially careful in taking endorsed checks, because the endorser of a hot check cannot be criminally prosecuted unless there was a conspiracy between him and the original maker, and a conspiracy would always be difficult to prove.

A check on an out of state bank should never be taken. The problem of catching and prosecuting the 'hot check' artist are greatly multiplied when the check is given on an out of state bank.

Hot checks are costing the community a great deal of money, and the practice should be stopped.

## Penicks Observed 48th Wedding Day On Sunday Evening

Mr. and Mrs. E. C. Penick celebrated their 48th Wedding Anniversary Sunday night at the home of their son L. B. Penick and Mrs. Penick in Tulsa.

The honorees were presented a silver chest.

Fall flowers were used to decorate the house.

A fish supper was enjoyed by Mr. and Mrs. Chester Ford and sons of Amarillo, Mr. and Mrs. Art Roberts and the honorees from Canyon and the host and hostess, Mr. and Mrs. L. B. Penick.

## Absentee Voting On Amendments Start In Texas Wednesday

Absentee ballots may be cast in Texas starting Wednesday. In the special election of November 8 ten constitutional amendments are being submitted to the voters. At the same time, a member of the new State Board of Education will be elected from each of the 21 Congressional Districts, who will serve until the general election of 1950.

## Sheriff Cantrell Is Moved to His Home

Sheriff M. E. Cantrell was moved Saturday from the hospital to his home where he is recovering from the results of a heart attack.

He will spend some time in quiet as the result of his illness. His recovery is entirely satisfactory to his physician.

## USO Drive For \$475 Fund May End This Week

Citizens of Randall county are called upon to contribute \$475.20 to the USO drive which is on in Texas this month.

Milton Morris is campaign manager of this campaign. During the war years Mr. Morris organized Randall county and collected the highest per capita fund of any county in the state for USO. Now that the war is over, USO has been called upon by President Truman to continue its work of providing wholesome entertainment to the men in uniform throughout the world.

At the present time Randall county has 51 men and women in the various branches of service in all parts of the world.

Mr. Morris requests that contributions to the USO fund be left with L. W. Cole at the First National Bank, or at the News Office, or with him at Conner Hall. It should take only a few hours to raise this amount of money if all citizens who are interested in the welfare of the men in service will make their contributions at once and not wait until they are called upon for personal gifts. Mr. Morris does not believe that a canvass will be necessary to raise this money.

Contributions should be made at once, so please leave your money or checks before the end of this week.

## Local Chorus Begins Rehearsal Thursday, Nov. 3

For the third year, the Music Arts Club is sponsoring the Community Chorus Christmas program. The program is scheduled for Thursday, December 15, at 7:30, in the Baptist Church.

All adults interested in singing Christmas music are invited to join the chorus. They may give their names to Miss Matilda Gaume or Mrs. Joseph Findley, or simply come to the first rehearsal, on Thursday, November 3, at 7:30.

Directing the chorus again this year is Mr. Glenn Truax, director of the Methodist Church choir. Mr. Truax plans a program of varied Christmas music for the chorus, as well as special music for smaller vocal and instrumental groups.

Plans are being worked out in cooperation with the Pastors' Association.

## Cemetery Ass'n. To Build New Field House

At the meeting of the Cemetery Association on Monday afternoon the building of a tool house at the cemetery was announced as the most urgent project.

Members of the association will appreciate donations for this project. Please leave your contribution at the First National Bank or with Mrs. Ed Harrell.

## Hospital News

Mrs. Wayne Higgins, surgical.  
Mrs. D. A. Brown, surgical.  
L. A. Pierce, medical.  
Mrs. A. H. Simon, surgical.  
Mrs. A. P. Ratjen, medical.  
W. R. Ash, medical.  
Mrs. Harrison Honeycutt, surgical.  
Mrs. James E. Flynn, surgical.  
Mrs. Bill Cross, surgical.  
Mrs. L. J. McGehee, medical.  
Students:  
Martin McMurtry, medical.  
Steve Davidson, medical.  
Juan F. Perello, surgical.  
J. B. Henderson, medical.  
Oren Eubanks, medical.

### CALLED HOME BY ILLNESS

Mr. and Mrs. Roy Taylor and daughter, Edna Ann, of Albuquerque, New Mexico, were called here Sunday by the illness of Mrs. Taylor's mother, Mrs. Harrison Honeycutt. Mrs. Honeycutt, also the mother of Leland Graves of Canyon and Tommy Graves of Amarillo, underwent surgery Monday morning at 10:00. At this report she is doing satisfactorily.

Mr. and Mrs. Tom Wiggins of Fort Worth, John Wiggins of Arlington and Mrs. P. E. Hopper of Dallas were here last week to attend the funeral of their brother, Sam Wiggins. They visited with their sister, Mrs. E. C. Penick, while here.

Mr. and Mrs. J. L. Brotherton of Gregton, Texas, Mrs. Jack Griffith of Lockney, Rev. and Mrs. Marvin Brotherton of Matador, spent Tuesday with their brother, H. A. Brotherton and family.

Mr. and Mrs. Frank Barnhill spent the weekend in Houston and Galveston as guests of her aunt, Mrs. L. K. Kier. They attended the Buffalo H. U. football game.

# Homecoming at W.T.S.C.

## Body of S-Sgt. D. A. Butler on Way to U. S.

According to word received by Mrs. Mamie Butler Monday, the body of her son, S-Sgt. D. A. Butler is on its way to the United States. No information was given as to what disposition would be made of the body. It is presumed that it will be brought to Canyon for burial.

S-Sgt. Butler was reported missing over Germany on April 1, 1944. Then later was reported as having been killed in action. He was missing in action over Turkey in the fall of 1943, but was released from there January 1, 1944, reaching London, England on January 15. He served as a gunner on a bomber.

## Speech Department To Stage Feature Homecoming Play

As a feature attraction of Homecoming and as the first dramatic performance of the season by the speech department of West Texas State, "The Tighwad," a three-act comedy, will be presented in the Administration Auditorium on the WT campus Friday night, October 21.

Planned to follow immediately the annual Homecoming bonfire, William A. Moore, director urges those planning to attend to come as they are whether in the western garb of the celebration or in other attire.

This will be the second feature of the Homecoming celebration at West Texas State College with other important events to follow on Saturday.

## Dancing Studio Opens As Branch Amarillo School

Art and Helen Query of the Query Dance Studio in Amarillo will open a branch studio in Canyon under the direction of Miss Francine Stevenson. Classes in tap, ballet and ballroom will be taught each Monday and Thursday from 3 to 6 p.m., beginning Thursday, October 20.

The studio is located above the Samuelson Motor Co. Anyone interested will be interviewed at this location each Monday and Thursday.

This is the opportunity for your child to have the advantage of fine training in one of the oldest of the arts under the supervision of Mr. and Mrs. Query. A recital will be held at the end of the school year.

## Palo Duro Shoots For 100,000 Paid Admissions 1949

Attendance at the Palo Duro State Park continues to grow. The total for 1949 increased to 75,250 by Sunday night, which is a record for the Park. The highest previous attendance at 52,345 in 1945. The record this year is about 40% more than the previous highest record.

In view of the fact the Treasure Hunt did not get an early start this year, this is a very enviable record of achievement.

John McCarty states that he is hopeful of securing an attendance of 100,000 before the end of 1949.

## Emmett Smith Speaker at Canyon P.-T. A. Meeting

Emmett Smith, from the department of education of West Texas State, will be the principal speaker at the meeting of the Parents and Teachers Association Meet at the High School Cafeteria, Thursday, October 20, at 7:45 o'clock.

Theme for the evening is "Teamwork Between Home and School." It is hoped that the parents, both father and mother, of every child in the public school will attend this meeting.

## 63rd Anniversary Of Barnards Friday Not Observed—Illness

Mr. and Mrs. W. F. Barnard observed their 63rd Wedding Anniversary on Friday, October 14. All celebration of the occasion was postponed because of the illness of Mrs. Barnard.

Visitors in the home of Mr. and Mrs. Paul Rogers are her son and daughter-in-law, Mr. and Mrs. Spencer Pullen, and her aunt, Mrs. Inez Sharp and son, from McAllen, Texas.

Mr. and Mrs. C. E. Johnson and Mrs. R. H. Couch of Hedley visited in the home of their son and brother, Ernest Johnson and Mrs. Johnson Sunday.

Mrs. O. C. Chambers of Paris, Texas, is visiting her mother-in-law, Mrs. Jessie Chambers, at Rest Cottage for a week.

## Huge Parade Through Down-town Canyon With Buff-Trinity Game at 2:30 O'clock at Buffalo Stadium

West Texas State College is getting set to welcome over 5,000 ex-students back to the campus Friday and Saturday, when the annual homecoming celebration will be held.

Plans for the gigantic festival are nearing completion and according to the Homecoming Committee it is expected that this will be one of the greatest celebrations in the history of the college.

Western week started on the campus Wednesday and students and townspeople alike are expected to don cowboy regalia in order to avoid the horsetank set up near the Administration Building.

A giant-sized pep rally with the traditional bonfire will take place Friday night at 7 o'clock north of the Conner Hall. Immediately following the bonfire will be the presentation of the Homecoming play, a three-act comedy entitled "The Tighwad." This will be presented in the Administration Auditorium. In an invitation from William A. Moore, director, he says, "Come on in the way you are. If you have cowboy clothes on or an evening attire, you will be welcomed and will feel right at home."

A three-mile long parade will start winding its way through downtown Canyon at 10 o'clock Saturday morning. Over 10 bands, dozens of floats, comedy entries, horses, the football queen and countless other selections are planned for the parade. Ted Reid, veterans co-ordinator, is chairman of the procession which will be led by the famed Buffalo band. Feeding of the barbecue to ex-students and friends will commence immediately following the parade. Buff Morris is in charge. All feeding will take place at the Tennis Courts just north of the English Building.

Just prior to the West Texas State-Trinity University football game at Buffalo Stadium at 2:30 o'clock, the football queen will be crowned. The queen will be elected this week by the T-Club.

After the ball game, ex-students will have time to visit with friends, stroll over the present campus and gather at club and organization reunions.

At 8 o'clock Saturday night two big dances will begin the evening's entertainment. Playing for modern dancing in the new Cafeteria will be the Collegians, college dance band. A western dance will be held in Burton Gymnasium with a string band furnishing the music. Admission to the dances is \$1 for the men with all ladies admitted free of charge.

Dances will close when the exes get tired enough to call it a day and head for home.

## Stork Specials

A son was born to Mr. and Mrs. Lewis Crabtree in Nebbett Hospital on October 13.

Mr. and Mrs. K. L. Nickel are the parents of a girl, born in Nebbett Hospital, October 14.

On October 15 a son was born to Mr. and Mrs. J. B. Canada in Nebbett Hospital.

A daughter was born to Mr. and Mrs. J. N. Cardinal in Nebbett Hospital on October 18.

A son was born to Mr. and Mrs. Lee Roy Moreland on October 5 at Nebbett Hospital. The young man is named Andy.

### BANK CLOSES SATURDAY P. M.

The First National Bank will be closed all Saturday afternoon for the Homecoming celebration. Please attend to all your banking business in the morning of that day.

A. G. Thomas of Gardena, California, and his brother-in-law, Ed Duncan of Albuquerque, New Mexico, were mid-week guests in the home of Mr. and Mrs. Levi Cole last week. They were enroute to the Southern states, stopping here to visit with old time friends.

Mr. and Mrs. O. B. Vaughan spent a few days last week in Elk City, Oklahoma with her mother Mrs. Mattie E. Goodrum. Mrs. Goodrum returned home with them for a short visit.

Mr. and Mrs. Roger Tandy of Harrison visited in the home of Mrs. Ollie Harrison last week. Mrs. Tandy will be recalled as the former Edna Garrett, who lived in Canyon many years ago.

Leonard Brasuel of Roy, New Mexico, spent Sunday night in the home of his mother, Mrs. Hattie Brasuel. He had attended a soil conservation school in Amarillo Sunday.

Richard Walters, who is attending Wayland College at Plainview, spent the weekend visiting with his mother, Mrs. Maud Walters.

Mr. and Mrs. J. B. Anthony, Mr. and Mrs. Albert Byars returned Sunday night from Dallas where they had attended the Fair.

Mr. and Mrs. J. B. Anthony, Mrs. Flora Dickerson, Mrs. Anthony's mother, left Tuesday for Sedalia, Missouri, to visit relatives.

Business houses of Canyon agreed last December to observe Homecoming by closing at 2 o'clock on Saturday afternoon, and remain closed until 5 o'clock. The Buffs play Trinity University at Buffalo Stadium.

## Contracts on 2 Buildings For Campus February

Bids for the construction of the chapel building and for the new gymnasium on the campus of West Texas State will be opened at the February meeting of the Board of Regents.

At the meeting of the Board last week plans for the two buildings were checked and it was agreed to advertise for bids during December.

Dr. J. A. Hill, president emeritus of West Texas State, has sponsored the campaign for funds to build the chapel. He hopes that all who have promised funds to the chapel will make their donations at once. He has collected more than \$43,000 for the chapel.

The gymnasium will be the first major building to be erected on the campus as a result of the constitutional amendment which set aside a definite amount of state taxes annually for buildings on the college campuses of Texas. It is planned to have the gymnasium completed by the time basketball season opens next year.

The new gym will be located on the land north of Buffalo Courts.

President James P. Corneette was unable to attend the meeting of the regents because of illness. Virgil Henson, business manager of the college, represented the college. Bonds were sold for all of the colleges under the direction of the board of regents.

The second major building will be the library building. Plans for this building will be completed in time for a contract early in the spring. The building will be located in the middle of the plot of ground east of the Museum, which is now the college flower garden.

## Scouting Gets Year's Work Under Way

Canyon Girl Scouts Council met Thursday, Oct. 6, at the Scout Hall for the first official session of the year. Officers selected to guide the scouting this year are: Chairman, Mrs. Ray Cole; secretary, Mrs. W. M. Higdon; organization chairman, Mrs. E. L. Hardaway, who will work toward organizing new and activating old troops. The work of registrar and treasurer was combined and delegated to the treasurer, Mrs. Herschel Coffee.

Mrs. Virgil Henson was appointed chairman of a committee to make negotiations for erection of a Girl Scout sign to identify the Scout Hall.

Council voted against renting the building to an Amarillo dance instructor who wished to rent the building two days a week. The Girl Scout's weakened financial status caused the group to consider the proposal but they decided against it, as it was felt that the building was needed every day for scouting and renting the building might hinder development of new troops. All eight troops that have been reorganized in Canyon are now active.

The leaders are unanimous in the desire to coordinate grade levels of troops in the demonstration and the public schools. This undertaking is under the direction of Mrs. Hardaway. Mrs. Lewis Bolton, veteran scout leader, already has combined a troop from the demonstration school with her group from the public school.

Mrs. Bob Parsons, a new but enthusiastic worker, will, with the help of an assistant, lead a troop as soon as arrangements can be perfected for its organization.

## Cold Wave to Hit Plains Wednesday Night Is Predicted

A light shower of 10 of an inch fell in Canyon Tuesday night.

More rain is predicted for Wednesday night, with a cold wave which may drop the temperature below freezing.

Snow is falling over the Rockies to the north of the Panhandle.

## Attendance at Palo Duro Park

Attendance last week 1,273  
So far this year 75,250  
Total since 1933 665,995

## Farm Bureau in Meeting Friday At Umbarger Hall

The Umbarger Community Farm Bureau met Friday evening, October 14, in the Umbarger Parish Hall. The meeting was opened with the playing of the National Anthem.

Two visitors, E. A. Wise, past-president of the Randall County Farm Bureau, and O. J. Bailes, Randall County Vocational Ag. School instructor, were introduced. Both men addressed the group.

The principal address was given by W. H. Upchurch, secretary of the Randall County Fair Bureau. He spoke on the services of the Farm Bureau.

The date for the next meeting was left up to the committee.

Refreshments of coffee and doughnuts were served to a large crowd.

## Two Old-Time Cowboys Get Together Here

Mr. and Mrs. James Swindle of Culbertson, Montana, were in Canyon Thursday for a short visit with J. W. McCrerey and daughters.

Mr. Swindle, 81-year-old native Texan, who went to the northwest many years ago, and Mr. McCrerey were cowboys together in Montana and Alberta, Canada, back in the days of the open range, but had not met for fifty years.

They had a very pleasant and interesting visit in recounting the days of the old West, which have passed into history. They could not account for more than four out of over a hundred of the old range hands they had ridden with. All the others have passed over the "Jordan-trail."

## Drove From N. Y. For Homecoming

Miss Osce McCrerey of New York City arrived in Canyon last Wednesday for a visit with home folks and to be present at W.T. Homecoming.

Accompanying her are Mrs. Matthew Steel and daughter, Miss Margaret Steel of New York City and Miss Elberta Mellen of Bloomfield, New Jersey.

They drove through in Mrs. Steel's car, reporting a very pleasant trip. They are enjoying their visit to the Texas plains and Canyon. They are planning a trip into New Mexico before returning to New York late in the month.

## EDITORIAL COMMENTS

## Do Not Put All Your Defense In One Branch of the Service

We are prone to believe that the Navy is more than half right in its position in the present controversy. The nation has been led to believe that with the atomic bomb we are sitting on top of the world, and that nothing or no one can harm us.

We used to thank God for our two oceans, which we thought made us absolutely safe. Long range planes settled that issue. We are no longer an isolated nation, free from attack.

Maybe the B-36 and the atomic bomb have changed the entire picture. Maybe we no longer need the navy and the foot soldiers.

Those who read history will tell you that no war has ever been won until the Infantry, including the Marine Corps, stepped in and settled the argument. In spite of the bombers and the atomic bombs it took the foot soldiers to finally put over the final victory punch—provided we have ever won a recent victory. This is very doubtful.

We have long been convinced that the Navy was too snooty for the balance of the brass hats in Washington. If that branch of the service would get down off its high horse and play ball with the other branches of the service, there would not be so much opposition or jealousies toward the Navy.

We have no idea as to what Secretary of Defense Johnson has up his sleeve, but we hope that he will not make the mistake of ditching any branch of the defense services until the usefulness of these branches has proved to be absolutely dispensable. At the present time, there is certainly no reason for ditching the Navy in favor of any other branch of the service.

## Completion of Second Unit of Museum Should Be Sponsored

It has been a long time since we called upon Randall county people to make a substantial donation to the building fund of the Panhandle-Plains Historical Society Museum.

Personally we are convinced that there is no greater cause in West Texas than this Museum. To complete the second unit by May is the ambition of H. O. Finch of Dalhart, president of the association. Mr. Finch has been a most ardent member of the Historical Society for a number of years. He puts his money and faith in those projects which appeal to him as most worth while. Right now he is devoting a major part of his time to the financial campaign, which he believes will come to a successful conclusion next spring.

While Randall county has an excellent record of contributions, there are many citizens who have contributed little or nothing to the Museum building fund.

Let's do a little digging, and raise the money necessary to complete the second unit of this building. It will be money well spent.

## If You Had a Fire Today, You Would Stand a Heavy Loss

When Mr. John Q. Public has a fire, it costs him a lot of money. There are very, very few persons over-insured. The fire insurance folks smell smoke when they detect some one trying to carry more insurance than their property is worth.

In other plain, blunt words, if you, Mr. and Mrs. Citizen of Canyon should have a fire today, you will probably lose half of the replacement value of your property. Of course you can afford to carry this part of the risk so long as you have no fires. But when a fire comes, insurance is a very, very handy thing to have.

Let's beware of fires, and not take the chance of a heavy loss.

## Christmas Coming Very Soon

Believe it or not, there are only 34 shopping days until Christmas!

Better make your shopping list right now, and start your Christmas Shopping. Merchandise of all kinds is better in 1949, and the prices are uniformly lower than at any time since the war started.

Play it safe! Shop right now!

The woman who had seventeen children in fifteen years is reported as saying, "there'll be no more for me." This is our idea of making up the mind slowly.

The Canyon News may not be the biggest paper in the world but it is the one you have to read if you want to know what is happening in Randall county.

When the ballot was given to every adult, the stage was set for the gradual development of socialism, so-called.

Parents will some day learn to let their little hopefuls find out some of the lessons of life by their own experience.

It is surprising how well you can get along with others if you keep your mouth shut and let somebody else do the talking.

The Chinese Nationalists aver that they are ready to fight Communism until the end; does this mean, tomorrow?

It won't be long now before Good Old Santa Claus will arrive by plane in 4,598 towns and cities at the same time.

No matter how long it may be devalued, there are those who like to possess currency.

The way to get business is to get out and get it; not sit down and wait for it to come in.

The person who continually offers to resign will some day have his resignation accepted.

An agenda is often a device to prevent unexpected subjects from coming up for discussion.

Can anybody imagine grandmother parading on the football field, like the majorettes?

Wrong-doing carries its penalties without an installment plan of payment.

We have noticed that the slowest moving individuals like to speed up all others.

No two cooks make the same kind of broth.

## Legislature Made a Bust in Submitting Double Amendment

Last week we carried a news item which quoted Lee Satterwhite as being opposed to the constitutional amendment which seeks to increase the pay of members of the legislature, and at the same time increase the sessions to annual events.

We find that while many voters would not object to increasing the pay of legislators, they are violently opposed to having the legislature meet annually, and passing appropriations on the annual basis.

While it is a shot in the dark to appropriate money for a two year period, yet the present lump sum method of appropriations allows for flexibility and eliminates the need of annual sessions.

The real difficulty is that too many members of the legislature are taking themselves too seriously. They have the idea that they are the only honest men in Texas, and therefore, are attempting to become executive administrators of the state instead of staying with their functions of legislative only.

The legislature made a blunder in writing these two provisions in one amendment. We believe that the people would vote for a reasonable increase of pay while the legislature was in session, but they certainly do not want this annual session business, during which the members would waste so much time, at the expense of the taxpayers.

## USO Calls for Money Right Now To Help Boys in Our Service

Milton Morris will again head the USO campaign drive in Randall county. During the war when large amounts were needed for USO, Mr. Morris directed the campaigns which netted the largest per capita collections made in Texas. Now that fewer men are in the armed forces, these demands are not so large, but the needs are as great as ever.

USO has served a great need in the life of each and ever man in the service. It provided clean, wholesome entertainment in spots over the face of the earth where entertainment was entirely lacking. Strong, healthy boys will seek some kind of entertainment, regardless of where they may be located.

For the sake of the future safety of America, we must raise the small amount of money needed, and raise it quickly. Randall county is asked for only \$472.50. This amount should be quickly raised so that our men in service may derive all of the benefits that we would wish for them.

Give cheerfully. As Herbert Hoover pointed out last week: "The government cannot do it all; the citizens must do their part."

## Petty Criminals Grow Up to Be Hardened Criminals in U. S. A.

Petty crimes are rampant throughout the nation. They prevail in Randall county as in other sections of the nation.

The pity is that when petty criminals are successful in their first attempts, they usually turn to larger fields of activity. Criminals do not start by robbing a bank; they are trained through a process of smaller crimes, in which they are either undetected, or serve a light sentence.

Unfortunately our prisons are breeding places for crime. In these institutions boys and men compare notes, and when released they think they have a sure shot plan for fleecing the public, and getting away with it. They usually go after bigger stakes, and chances are they will again fail.

It is just as much your job to spot and report crime as it is the duty of the officers to make the arrests.

Let's not continue running a testing ground for future bank robbers in Randall county by shutting our eyes to the small crimes which we may see.

In every section in the world there are good men and women, anxious to live at peace and to help their neighbors. Why doesn't somebody organize them and put the bee on the evildoers?

There is practically no limit to the progress possible in Canyon if the so-called leaders will get together and give themselves to the common welfare without expecting any unearned rewards.

Cocktail drinkers never believe that they will become drunkards, but there are drunkards who had to take their first drink.

There is no national drive on this month to persuade you to read the Bible, but you can read it anyhow in a free country.

Whenever you get the idea that you really are a big man in the business world, ask your banker how much you can borrow.

About the only time some of the residents of Canyon go to church is at their own funeral. This is, perhaps, a bit too late.

Who can remember the "good old days" so-called, when a man paid eight per cent interest, discounted in advance on his loans?

Life would be less complicated if there were fewer persons on the fringe, to offer advice.

Any old excuse will suffice for not working but the best is the possession of plenty of cash.

A fakir is merely a smart talker who persuades you to believe what he says about himself.

If you go hunting this Fall, try to come home without getting shot, or shooting your companion.

It's lucky Russia didn't attack us during the World Series when we wouldn't have had any time for war.

Beware of the man who gives you advice, beginning like this: "I believe you can make more money if—"

There were wise men in other ages, who wrote many books; have you read any?

In the Fall a young man's fancy is exactly where it was in the Spring.

It is rather rare for an individual to detect signs of his own extravagance.

The mercy of God is not to be purchased by cash contributions.

After all, it is possible to get an education without playing football.

## WHO KNOWS

1. Who is the "Father" of the Reciprocal Trade Agreements Act?
2. How many "All-Dry" states are there in this country?
3. When did the U. S. get possession of Guam?
4. What particular atomic development occurred on July 16, 1945?
5. Identify the rupee; krona; gulder; drachma; diner.
6. Which are our three leading coal-producing states?
7. How many women are holding Federal jobs?
8. Who is President of the 1949 session of the U. N. General Assembly?
9. Which United Kingdom export to the U. S. has been bringing Britain the most dollars?
10. What five nations make up the "Soviet bloc" in the U. N. General Assembly?

(See "The Answers" on Page 7)

# Only the Servel GAS Refrigerator is

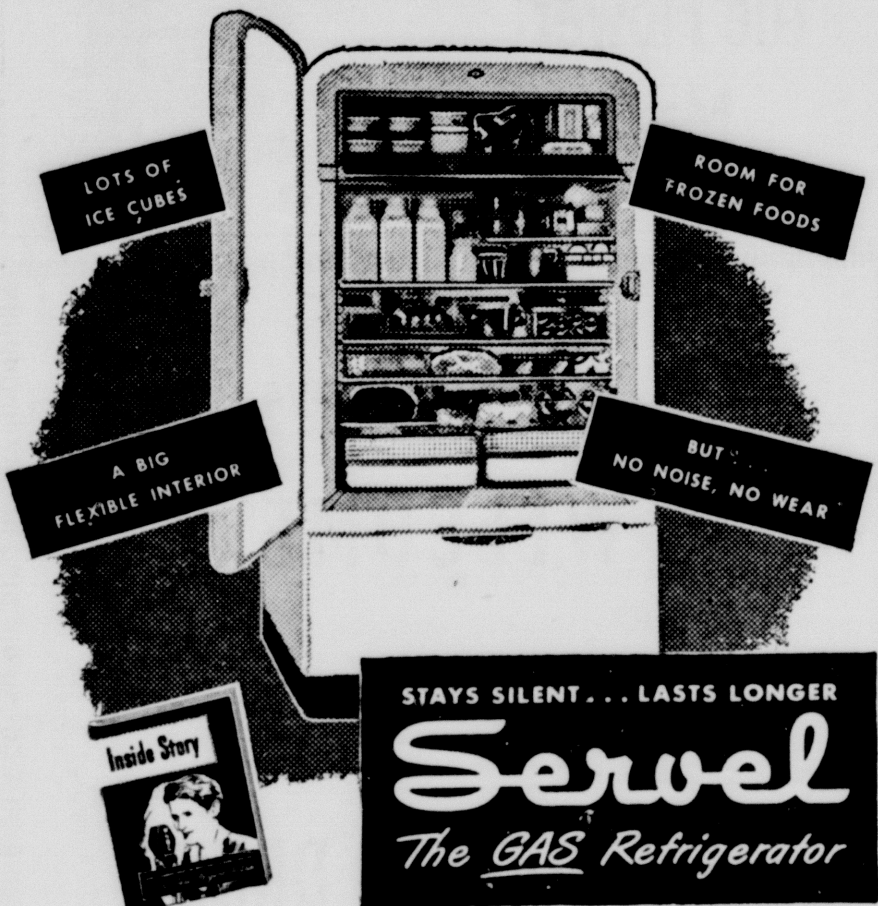

## GUARANTEED for TEN YEARS

### IT STAYS SILENT—LASTS LONGER

It's small wonder the Gas Refrigerator is the choice of more and more families. Servel—and Servel alone—carries a ten-year guarantee of noise-free, worry-free performance. Year in and year out, you enjoy the same silent, dependable refrigeration as the day your new Gas Refrigerator arrived.

For Servel has a basically different freezing system. There's not a single moving part in it. No motor to wear, no machinery to make a sound. A tiny gas flame does the work. So Servel stays silent, lasts longer.

Come in and see the new models today. Choose the Gas Refrigerator—and get more for your money.

GET THIS BOOK... FREE—Mary Margaret McBride, America's favorite radio reporter, tells what she found out about the big difference in refrigerators. Stop in for your free copy of "Inside Story." Don't delay.

## IF A LAMP CARRIES THIS TAG

## IT'S GOT TO BE GOOD

The appearance of the "Certified" tag on any lamp, of any type, assures you that the lamp has been submitted to rigid testing by an impartial testing laboratory. It assures you that the manufacturer of that lamp, one of over 100 leading American companies, has submitted his product to a complete test.

For example, the laboratory has determined that the switch will operate efficiently. It has ascertained that the cord is at least seven feet long, has a certified plug, to assure safety. The lamp itself is properly weighted to resist tipping, and of a finish which will ordinarily resist scarring or marring.

And above all, the "Certified" lamp has an exclusive new type reflector which will gain the most light from the bulb, and apply the light correctly for the use for which the lamp has been designed.

The next time you buy a lamp, make sure it is "Certified." Inquire at your favorite store for this new lamp.

## BOYCE HOUSE Gives You Texas

The most historic landmark of west Grayson County, the old Sanborn ranchhouse, was torn down a few years ago. The Whitesboro News-Record declared that "the majestic old structure presided over the ending of the Old West and the beginning of the New West, for here barbed wire was introduced."

The old ranch house, headquarters for the once extensive "Frying Pan" ranch was built in the late 70's of the last century, by H. B. Sanborn and his associates, a Chicago syndicate, known as the Sanborn Livestock and Land Company. The ranch, said to have contained about 27,000 acres, was established for the purpose of introducing barbed wire, invented by the father-in-law of Sanborn.

Prior to the coming of barbed wire the chief fencing material was split rails, and the only areas fenced were the cultivated fields. Due to the impracticability of procuring rails, the vast prairies were open range covered by waist-high sage grass.

The old ranch house, which was a show place in its early days, served for many years as the headquarters of H. B. Sanborn in his various activities. Its roof sheltered alike the farmers and cattlemen, who came to investigate the "new-fangled" barbed wire; Easterners who came to visit the "wild west," and even titled Englishmen.

The barbed wire which enclosed the ranch proved a success and soon the cattle and horses bearing the Frying Pan brand, were gone for the ranch was subdivided into farms.

For many years the old ranch house then served as a farmhouse. Now the same progress which relegated the home of the mustang pony to history has taken its toll of the last symbol of that historic turning point in the history of the West.

Preserved in masonry on the fresco of a colorful University of Texas building, among other famous brands, the "Frying Pan" still reflects the glory of the past but the old ranch house is only a memory.

Robert Doughton, 85-year-old chairman of the Ways and Means Committee of the House—the Committee that starts all tax legislation—really has lost control of that Committee to Jere Cooper, of Tennessee. Representative Cooper is inclined more to the New Deal side of tax issues than is Representative Doughton.

Scientists trying to design a guided missile for U. S. armed forces that would carry an atomic warhead aren't being told what a bomb looks like, how big it is, how much it weighs or anything else in the secret category. Secrecy, as a result, is working to prevent progress in development of atomic weapons.

Louis Johnson, Secretary of Defense, continues to be startled by the way his orders to gag Navy officers keep backfiring on him. Secretary Johnson has had the idea that he could do a job of carving up the Navy back of a wall of orders that would keep admirals from hollering when they were hurt.

General Arthur Vandenberg, Air Force is far from convinced that Russia actually made and exploded an atomic bomb. When Russia has a stockpile of bombs, General Vandenberg then has to figure out a whole new track for planning the place of air power, and that is upsetting.

**DANCE STUDIO**

Enroll Now in the

**QUERRY DANCE STUDIO**

Located above Samuelson Motor Co.

Classes will be taught twice weekly—on Monday and

Thursday from 3 to 6 p. m.

**BALLET—TAP—BALLROOM**

First classes will organize this Thursday, October 20th.

J. I. Ballingee of Trinidad, Colorado, was attending to business in Canyon this week. He is temporarily making his headquarters with his brother in Amarillo.

Rev. and Mrs. Weldon Butler spent the weekend in the home of his parents, Rev. and Mrs. C. Y. Butler at Bartlett, Texas, to attend the wedding of Rev. Butler's sister.

**The Weldon Darts Are Honored With Miscellaneous Shower**

A miscellaneous shower was given by Mrs. W. L. Vandergriff and Mrs. Garland Turner Tuesday afternoon at 1007 Third Avenue honoring Mr. and Mrs. Wendell Dart, recent bride and groom. Mrs. Dart was formerly Bertha Lee Lindsey and is attending Canyon High School. Mr. Dart is a sophomore at West Texas State from Panhandle.

Entertainment for the afternoon consisted of a program introduced by "Because" sung by Mrs. W. E. Dart, Jr.; a reading, "Grandmother's Beau" by Mrs. H. E. Campfield; "Household Hints" by Mrs. Leroy Pitts; a Recipe for Happiness, music and a game called "Are You a

Good Sport."

Refreshments were served to Mr. and Mrs. Wendell Dart, honorees, Mrs. W. E. Dart, Jr., Miss Frances Cameron, Miss Patsy Bull, Mrs. C. A. Coldwell, Mrs. G. O. Dart, Mrs. W. E. Connell, Mrs. W. E. Shelnutt, Mrs. P. L. Pitt, Mrs. Max Barnard, Mrs. Reba Seymour, Mrs. Leroy Pitt, Mrs. W. E. Dart, Sr., Mrs. H. E. Campfield, Mrs. Paul Lair, Mrs. Essie Lindsey, Mrs. I. M. Steen, Mrs. Dowd, Mrs. Gillham, Mrs. N. B. Lindsey, Rev. and Mrs. C. L. Pennington.

Many beautiful gifts were received from those and from several who were unable to attend but sent gifts.

**DINNER BRIDGE CLUB MEETS IN GORDON LYONS HOME**

Dinner-Bridge Club members were guests of Mr. and Mrs. Gordon Lyons in their home Monday, October 17, at 7:30 p.m.

Artistic arrangements of autumn flowers, fruits and berries together with novelty candles carried out the motif of Hallowe'en in table decorations.

Attending were Mr. and Mrs. Houston Bright, Mr. and Mrs. Hosea Foster, Mr. and Mrs. Larry Holman, Dr. and Mrs. Robert P. Jarrett, Mr. and Mrs. Milton Morris, Mr. and Mrs. Jerry Newman, Mr. and Mrs. Otis Parker, and the host and hostess.

At the conclusion of the games husbands and wives totaled scores for high which was won by Mr. and Mrs. Parker.

**Gamma Society Regional Meet Opens in Canyon**

The opening meeting of the Panhandle Regional of the Delta Kappa Gamma Society will be held at the home of Miss Edna Graham, 502 Twentieth Street, at 7 p.m., October 28. This will be a dinner honoring the presidents and vice-presidents of the five chapters represented. After dinner an instrumental program for the new officers will be given. Mrs. Willie Merle Halthcock, Plainview, Gamma Iota Chapter, will be the instructor. Mrs. Halthcock is a member of the National Program committee and has served at several regional meetings in recent years.

Miss Edna Graham, Canyon, and Mrs. Ruby Terrill Lomax, Dallas, one of the founders of Delta Kappa Gamma, are co-directors of the regional.

The visiting officers are to spend the night in the homes of Canyon members, and to have breakfast with Miss Mae Simmons, 502 Twentieth Street, Saturday morning. Following this they will attend the Panhandle Regional, which meets in Amarillo on October 29, at the Herring Hotel. The program will be at 9 a.m. in the Old Tascosa Room; a luncheon will be served at 12:30 in the Crystal Ballroom. At both the morning and luncheon sessions the high points will be the addresses by Mrs. John A. Lomax, who was the former Miss Terrill, a teacher of wide experience, and a former dean of women at the University of Texas. Mrs. Lomax is a sister of the late R. A. Terrill of Canyon.

Chapter presidents who plan to attend the dinner at Miss Graham's home are: Miss Mary Dean Dozier, Beta Delta Chapter, Pampa; Mrs. R. E. Darnell, Gamma Theta Chapter, Borger; Miss Lucille Flowers, Gamma Iota Chapter, Plainview; Miss Ruth Shewbert, Gamma Xi Chapter, Dalhart; and Miss Mae Simmons, Pi Chapter, Canyon.

Other guests will include: First vice-presidents, Mrs. Lomax, Mrs. Halthcock, and the Canyon hostesses.

**State President To Meet With Auxiliaries Here**

At 7:30 o'clock Thursday evening the American Legion Auxiliaries of Happy, Hereford and Canyon will meet at the Legion Hall in Canyon to greet the State President, Mrs. A. J. Breaux of Beaumont, who will speak to the group at their program. All members of the Auxiliary are urged to be present.

## Commies Fix Up Evidence to Fit The Cases

In one of her newspaper columns, Dorothy Thompson writes: "The trials of Lázló Rajk and other former members of the Hungarian Communist government followed the pattern established in the Moscow purges of 1936 and 1937, when men with three-star names in the Communist hierarchy joined the prose-

cution to confess to conspiring against everything to which they had devoted their lives. These 'defendants' confessed to having conspired with the heretic Trotsky, and with German Nazis.

"In the Budapest trials, Tito took the place of Trotsky and the United States the place of Hitler Germany. The trials in Budapest were a trial of the United States."

The accused Hungarians had all occupied high places in the Moscow-dominated government, and all had been active Communist revolutionaries for many years. Yet, according to the evidence they gave, they had, at the instigation of the United States Minister, plotted to overthrow the government and betray it to the hated capitalists. All of them, of course, were convicted, and sentenced either to hanging or long prison terms—and few political prisoners survive a prison term in the world beyond the iron curtain.

The Americans whose names entered the trial as co-plotters have vehemently denied the accusations, and denounced the testimony as a parcel of lies. But that will never be known to the millions of people who live in the Russian-dominated countries, save for the few who take a long chance and listen to the forbidden American and British radio programs which are beamed in their direction. The testimony of the condemned "traitors" has been printed and broadcast over and over again by the Communist governments. The whole point is to convince the people that the Western nations, under U. S. leadership, are out to destroy them, and that the prolonged existence of communism and capitalism in the same world is impossible. To quote Miss Thompson again, "The trials are directly related to war."

The Hungarian trials, like the Soviet purges of 12 years ago, and the recent trial and conviction of Cardinal Mindszenty, are thus used primarily as instruments of propaganda. No dispassionate reporter believes that they have anything to do with the administration of justice as we understand it in the Western world. The Communists are past masters at producing "facts" to fit any thesis which they wish to sell

to their peoples. Many now believe that the Russians have perfected some strange drug, which destroys the will, yet leaves the mind clear to tell a clear and often complicated story of espionage and betrayal. In any event, the defendants always talk their lives away—seemingly willingly—and today the U. S. is always blamed as the black instigator of everything they allegedly did.

## Vandale Entries Due Next April

April 25, 1950, has been set as the deadline for entries in the Vandale Essay Contest sponsored by the Panhandle Plains Historical Society, announced Dr. L. P. Sheffy, head of the history department, last Wednesday.

Anyone is eligible for the contest, regardless of whether he is attending school or not. Papers may be written on any subject concerning the Panhandle Plains area. Bibliography should be attached to all research papers.

First prize of \$100 will be given for the best essay along with the second prize of \$50. Prize money is donated by Mr. Earl Vandale of Amarillo and Mr. Newton Harrell of Claude for the purpose of stimulating interest in the contest.

Announcement of the winners will be made at the annual meeting of the Society on the second Friday in May. Mr. Ernest Archimbeau of Amarillo took first place last year with Mrs. Betty Ligon of West Texas taking second award.

Dr. O. H. Finch, president of the Panhandle Plains Historical Society, announced that Stanley Vestal, well known author of several books concerning the Southwest, will be speaker at the banquet next spring. Mr. Vestal is connected with the University of Oklahoma in Norman, Oklahoma.

Four out of nine Justices on the Supreme Court are close personal friends of President Truman, selected for high position on the basis of that friendship. At least one other Justice, aside from Justice William O. Douglas, who is laid up temporarily with an injury, is in quite poor health.

Work as if you were to live 100 years; pray as if you were to die tomorrow.—Benjamin Franklin.

### NOTICE TO DEBTORS AND CREDITORS

To those indebted to or holding claims against the Estate of A. A. Kirkpatrick, Deceased:

The undersigned having been duly appointed Administratrix of the Estate of A. A. Kirkpatrick, deceased, late of Canyon, Randall County, Texas, by the County Judge of Randall County, Texas on the 19th day of September, 1949, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to her within the time prescribed by law at the office of the late A. A. Kirkpatrick, in Canyon, Texas, or at her residence at 4219 West 11th Street in Amarillo, Potter County, Texas, where she receives her mail. This September 21, 1949.

## Simmons' Gallop Beats Fliers, 7-6

Sparked by hard-running Bill Simmons, the Yearlings of West Texas, came from behind to tip Sandia Air Base, of Albuquerque, 7-6 last Thursday night at Buffalo Field. Simmons, a constant threat all through the game, broke loose for a 77-yard gallop midway through the fourth period. Wesley Keith threw a block that put Simmons into the clear. R. C. Dalton successfully converted the extra point.

The air-men scored first, early in the fourth quarter. The score was set up when an army boy recovered a Buff fumble on the three-yard line. Bob Burns, a terrific back from Brooklyn, N. Y., plunged over from the three. The conversion was missed.

The first three quarters was a punting duel between McNeil of West Texas and Burns of the Air Base. McNeil had an excellent punting average of 42.6 yards.

Only two major scoring threats were made during the first three periods. The Air Base men threatened dangerously when they got to the Yearling's six-inch line. However, the Army boys were unable to penetrate the tough Yearling line. In fact, they lost nine yards in four downs.

Late in the second quarter the "little Buffaloes" made a strong bid for six points. Led by Dalton and Simmons, the Yearlings advanced to the Air Base nine yard line before time ran out.

Tommy Jinks was outstanding in the line for the Yearlings. Many times his number '87' was seen breaking through to stop an enemy drive. He also saved a touchdown when he caught Burns on the six-inch line. Billings, Webb, and Booth were also outstanding.

Bob Burns and Vic Howe were a pair of hard-running backs for the Air Base team.

British strategists, up against the gun in Europe, are convinced that the big bomber no longer is the key weapon in any future war. Their view is that when Russia has the bomb, plus rocket bases in Europe all of the pressure of European nations will be against action by U. S. that would give Russia the signal for destroying European cities. Idea is that bombers will cancel out and armies come back into their own, as they always have.

German industrialists are doing an effective lobbying job in Congress. A petition from 40 Senators asking that U. S. block plans for further dismantling of German plants is credited by State Department sources to success of the industrialists in buttonholing Senate members.

Too many committees keep minutes and then throw away hours.

Foster denies Red violence aim in "people's front."

# LANDSCAPE DEMONSTRATORS GUESTS OF ZITA H. D. CLUB

Landscape demonstrators of all the clubs in Randall county were invited guests to the meeting of the Zita Home Demonstration Club in the home of Mrs. Emil Olson on Tuesday, October 11. This meeting was the achievement of landscaping demonstration.

"Open Country" and "Home on the Range" sung by the group introduced the afternoon's program.

Mrs. Ralph Ruthardt, president, welcomed the guests. Mrs. Olson gave the yard achievement review. Mrs. Wayland Angel read "A Tall Tale." Mrs. Don Olson read a selection of poems. Mrs. M. H. Rockwell demonstrated different Christmas gifts one could get from a yard. Shrubs and cuttings wrapped in attractive Christmas papers were among those demonstrated. Mrs. Olson conducted a tour of her yard.

Open-faced autumn leaf sandwiches, individual decorated cakes, coffee, potato chips and relishes were served to Mrs. Rockwell, Mrs. Arthur Olson, Mrs. Baillie McCormick, Mrs. Forest Gruner, Mrs. Frank Gruner, Mrs. E. A. Michael,

Mrs. Ralph Ruthardt, Mrs. Angel, Mrs. Donald Olson, Mrs. Stuart Condon, Mrs. James Jennings, Mrs. H. D. Rose and the hostess, members; Mrs. Christler Crain from Pleasantview Club; Mrs. Leonard Winters, Mrs. R. E. Winters, Mrs. Flynn Winters, Mrs. Frank Simon and Mrs. Oral Wineinger from the Park Club; Mrs. Jack Barnard from the Canyon Club; Mrs. R. M. Currie of Canyon; Mrs. Faye J. Crowley of Washington, D. C., and Jan Condon, guests.

## W. T. HIGH F. H. A. MAKES PLANS FOR ACTIVITIES

The W. T. High F. H. A. held its first meeting Tuesday night. There were fourteen members present. Carl Hair was elected parliamentarian; Clyde Buchanan, song leader. A discussion was held as to what activities would be undertaken this year.

The new officers were introduced. They are: president, Barbara Beck; secretary, Anna Lou Samuelson; treasurer, May Montgomery; reporter, Dorothy Carter; dish slinger (sergeant-at-arms), Peggy Maynard.

The next meeting date was set for Monday, October 17 at 7:30 o'clock. All members are urged to attend this meeting. All dues for the year should be paid by Monday, October 17. Dues are one dollar and should be paid to the treasurer.

The chapter voted to help the college home economics department to sponsor a program on "You and Your Family" by Dr. Bernice Moore at the West Texas State College next Wednesday night.

General Douglas MacArthur, Supreme Commander in Japan, had a key part in detecting the atom explosion in Russia and in identifying it. The most effective U. S. devices for detecting atom-bomb explosions are in Japan and the Philippines.

John Synder, Treasury Secretary, is to get little support in Congress for a Treasury plan to set up a new tax on inheritances to be imposed upon the present tax on estates. The idea is to tax the estate left by a person who dies and then tax the inheritance when received by the heirs. Congress balked at that idea even during New Deal days.

## Voyageurs

### Small Boaters Conquer Sea

DARTHMOUTH, England. — Two daring British brothers completed a 2,700 mile Atlantic crossing in a home-made 20-foot sailboat.

Stanley Smith, 30, and his brother, Colin, 29, set foot on land for the first time since leaving Halifax, N.S., in their flimsy craft. The trip required 43 days.

The two former glider pilots were welcomed by screaming sirens and ships' whistles, while hundreds of persons cheered.

Looking fit and bronzed the two were whisked off to the city hall for a reception by the mayor and city councilors.

After successfully braving storms, thirst and starvation for more than six weeks without aid, the brothers had to accept a tow from a harbor launch to make their triumphant entrance. The wind failed them 500 yards off shore.

The Smith brothers emigrated to Canada last February. While on the liner crossing the Atlantic, they designed their little craft with the idea of using it on cruises through the Canadian lakes.

## Girl, 18, Collects Insects in Hobby Started as Child

LOUISVILLE, Ky. — Instead of shrieking with horror when she sees a bug, Dalene Pferrer shouts with joy and tries to catch it for her collection.

At 18, she knows plenty about butterflies and insects—most of which she learned outside school. It all began when she had just learned to walk. Her father, E. H. Pferrer, used to take her fishing. Since she was too small to fish, she toddled around catching bugs.

She has been seriously studying about them for five years. She has a case of butterflies and one of other insects, but she prefers to study them while they're alive. She spent months studying a colony of termites in her back yard, and bees and ants on her father's farm at Jeffersonville.

On the lookout for unusual bugs, she usually carries a small box or bottle with her. One day she noticed a darling underwing moth lying dead in the show window of a downtown department store. She marched in, asked for it, and got it.

She has a butterfly net, but says the best way to catch them is with a mixture of peach juice and whiskey. "You put it on a tree," she explained. "The butterflies are attracted by the sweet peach juice and they get drunk on the whiskey. It's simple to catch them while they flounder around. I really don't think it's quite fair to catch them that way, though."

Some of the insects in her collection were given to her by relatives and friends. Her uncle, a carpenter, found a large rhinoceros beetle in the basement of a house he was working on. "You find more insects when you're not looking for them," Dalene said.

## Would-Be Bank Robber Foiled by Tough Vault

GENEVA, N. Y. — A former delivery man who, police said, had admitted struggling unsuccessfully for two nights and a day to open a bank vault, was arrested, tired and discouraged, as he was seen leaving the bank.

Horace K. Cook was charged with third degree burglary and petty larceny as a result of the episode.

Police quoted Cook as saying he scaled a fire escape, crossed two roofs and climbed down a cornice to enter an unlocked second story window in the bank building.

W. Horace Rogers, bank president, said the window had been left open for ventilation. He said the opening was considered inaccessible from the street.

Cook related that he kept trying to open the vault until he left the building Monday morning, Murphy said. He added that Cook said he used tools he found in the bank and fed on candy from a vending machine.

## Professor Reduces Love To Cardiac 'Reaction'

CHAUTAUQUA, N. Y. — Dr. Ernest Osborne, professor of education at teachers college, Columbia university, points out that most people believe there is a "kind of magic" in marriage.

"We are constantly under the impact of the idea that romantic love is the highest basic value to search for," he said.

Referring to this phenomenon as a "cardiac respiratory reaction," he warned that the "extreme of expectation in this area may well be the cause of failure in marriage."

In exalting the romantic love concept, he added, we are reaching for an unreal level of perfection; and for most of us, this cardiac respiratory reaction tends to be modified after a few years, while such things as warmth, understanding and sharing of experiences tend to take a higher priority.

Device reported to detect diabetes in three minutes.

## The Answers

1. Cordell Hull, Secretary of State from 1933 to 1944.
2. Two—Oklahoma and Mississippi.
3. In 1898, by the Treat of Paris, after the Spanish-American War.
4. First atomic bomb was exploded at Alamogordo, N. Mexico.
5. Currencies of Burma; Denmark; the Netherlands; Greece, and Iraq, respectively.
7. West Virginia, Pennsylvania and Kentucky.
7. Approximately 480,000.
8. Brig. Gen. Carlos P. Romulo, of the Philippines.
9. Whiskey.
10. U. S. S. R., Byelorussian S.

S. R., Ukrainian S. S. R., Poland and Czechoslovakia.

President Truman is told that that clear business weather is to prevail past the middle of next year, with the probability that good times will continue all through 1950. Budget planning, now under way, is related to a top-level size-up of business prospects.

Air Force is back of the reports, fed to Congress, that Russia really hasn't developed an atom bomb after all, but just staged an "atom explosion." Those who have worked on U. S. atom projects explain that an atom explosion, of itself, means that anybody who sets off the explosion actually has the bomb.

**ATTEND LEGION CONVENTION**

Mr. and Mrs. Andy Walsh, Mr. and Mrs. Ted Reid, Mr. and Mrs. Allan Parlow, Mr. and Mrs. H. E. Campfield, Mrs. Elwood Soto and Mrs. Gladie Samples attended the District Convention of the 18th District of the American Legion and the Legion Auxiliary in Canadian Sunday.

Miss Marguerite Parlow of Tulsa spent the weekend in the home of her uncle, R. T. Parlow and family.

**Christmas Pageant**

(Continued from First Page)

Scenes two, "Joseph, Dreamer of Dreams," will depict Joseph as a servant in the King's guard in Egypt, Joseph in prison, Joseph as governor over all the land of Egypt, Joseph confronting his brothers, Joseph and his father, Israel, meeting again, and the death of Joseph.

Scene three, "The Story of Moses, a Lawgiver," will include the discovery of Moses in the bullrushes, his education, the reason for his fleeing Egypt, the burning bush, Moses' conflict with the Pharaoh, the breaking of the tablets of stone, and Moses viewing the promised land.

Scene four, "David, the Shepherd King," will include the anointing of David by Samuel, the slaying of Goliath, the rebuking of David by Nathan, David and Absalom, his son, and David goes out to the glory of a new life.

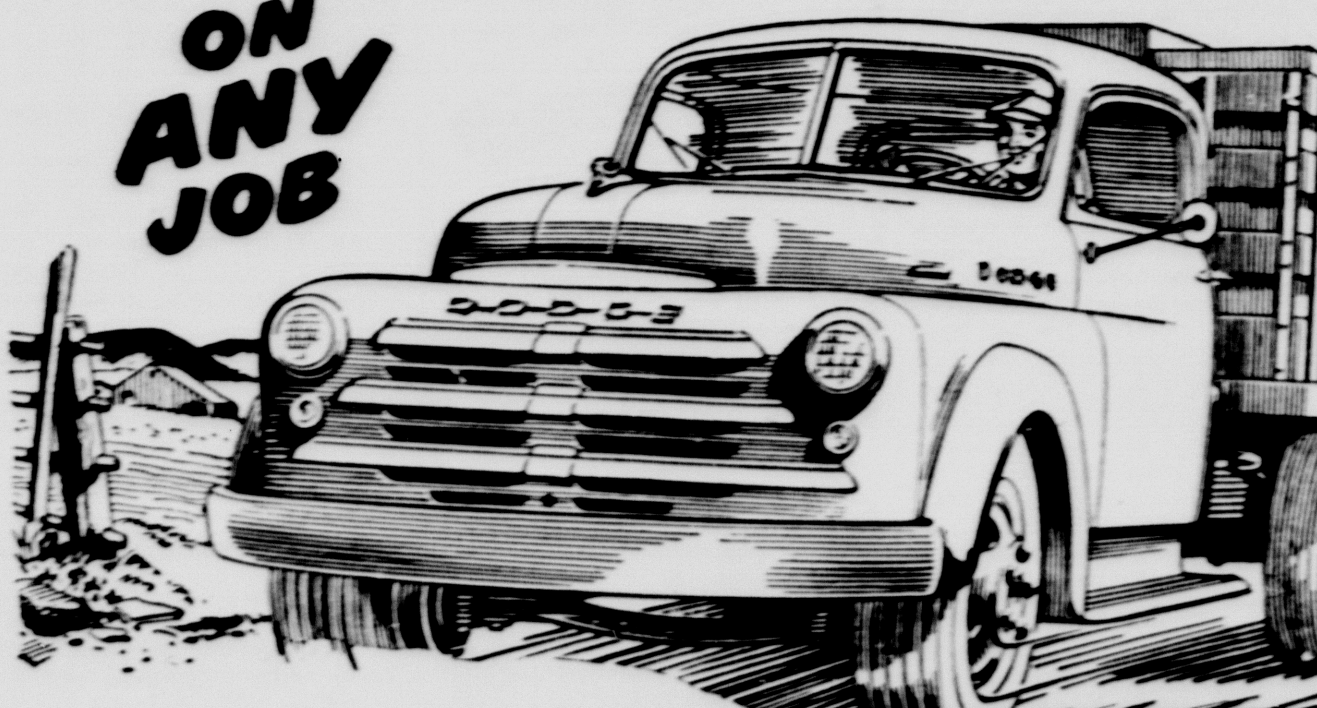

Scene five, "Solomon, the Wise and Foolish," will show Solomon and the two mothers, the magnificence of his court during the visit of the Queen of Sheba, and Solomon and Jeroboam.

Scene six, "Through Elijah God is Praised Again," will include the prophecy of Elijah in King Ahab's court, the second meeting, Jehoshaphat, He is God, Elijah casts his cloak about Elisha.

Scene seven, "Foretelling the Messiah," will be in three sections: the story of Elisabeth, Mary's visitation by the angel, and the arrival of Joseph and Mary in Bethlehem.

The final scene, "Jesus is Born in Bethlehem," will show the search of Joseph and Mary for a room, the appearance of an angel before the shepherds, and the arrival of the first of many parties to worship at the birthplace.

The pageant will close as the first of these parties appears in silhouette on the rim of the canyon with a background of music over which the narrators will proclaim:  
Glory to God in the highest, and on earth peace,  
Good will toward men!

## Sanders-Knighton Wed in Fall Setting

MR. AND MRS. T. E. KNIGHTON

An early fall wedding read in an atmosphere of soft fall colors and early twilight was the marriage of Ellen Yvonne Sanders, daughter of Mr. and Mrs. Dan F. Sanders, to Thomas Eugene Knighton, son of Mr. and Mrs. T. H. Knighton. The service was read in the First Methodist Church Saturday evening, October 8, by Rev. Hubert Thomson, pastor. Mr. and Mrs. Knighton are making their home in Canyon. Both are students at West Texas State.

Fred Marshall with thirteen members present.

Each officer gave reports of the year's work just finished.

It was decided that Mrs. Phillips and Mrs. Griner will give cake demonstrations at Mrs. Phillip's home on October 27 at 2:00 o'clock in the afternoon.

Report was given by the nominating committee as follows: President, Mrs. Rice; vice-president, Mrs. Fred Marshall; secretary-treasurer, Mrs. Mae Johnson; reporter, Mrs. Hood; council reporter, Mrs. White; landscape demonstrator, Mrs. Billie Sorgee.

After the program delicious refreshments of cookies and punch were served to Mrs. Levi Cole, Mrs. Phillips, Mrs. Barker, Mrs. Rice, Mrs. Walters, Mrs. Terry, Mrs. Long.

Mrs. Douglas Marshall, Mrs. White, Mrs. Mae Johnson, the hostess, members; and two visitors, Mrs. Thurman and Mrs. McDaniels.

## RALPH H. D. CLUB SPONSORS PIE SUPPER MONDAY NIGHT

The Ralph Home Demonstration Club is sponsoring a pie supper at the High School Cafeteria on Monday, October 24, beginning at 8:00 p.m.

With each pie sold a chance will be given on a Rogers silverware set now being displayed in Thompson Hardware window.

Bring your husband and a pie. The public is invited. Free coffee will be furnished.

Mrs. Harold Leavitt of Vega spent Sunday in the Carl W. Smith home.

Canyon Is a Good Place in Which To Live

The Canyon News, Canyon, Texas

## News In Canyon 25 Years Ago

(Taken from the files of the  
Randall County News of  
October 16, 1924)

Gov. Charles W. Bryan of Nebraska, candidate for vice-president on the Democratic ticket, spoke to 500 persons at the depot. John W. Davis is the candidate for president.

Cass Jennings brought the first bale of cotton to the new gin. This was the first bale of cotton ever ginned in Randall county. A number of local people were on hand to see the new gin in operation. R. H. Wright raised a bonus of \$86.18 for the first bale of cotton.

Dr. C. A. Pierle has received a number of white mice and guinea pigs to start an intensive investigation on the causes of brown tooth strain. The National Dental Association recently employed Dr. Pierle to carry on the investigation, which

will be done in his laboratory at the college.

Ground was broken for construction of the new gymnasium on the college campus.

W. F. Heller, pioneer Randall county farmer, reported that a few snow flakes fell last night.

Amarillo Sandies defeated the Canyon Eagles 20 to 7. The Eagles threw a scare into Amarillo by scoring first. This was the last meeting of the two teams.

A son was born to Mr. and Mrs. R. Friemel.

## College Installed Photostat Machine

A new Remington Rand Record Dextragraph has been added to equipment in the Registrar's office at West Texas State College.

This photostat machine will be used by the registrar in making permanent files of each student's work.

## CARD OF THANKS

We are most grateful to our many friends and neighbors for their many acts of kindness and their floral offerings in the time of our deep grief in the death of our beloved husband and father.

Mrs. W. G. Rose  
Kelly Rose  
Mr. and Mrs. J. H. Rose  
Mr. and Mrs. John Schramm

Idea in some U. S. military quarters is to give aid to guerillas still operating behind the lines in Communist China.

## Wayside News

Sister Lois Cox filled her regular appointment Sunday morning with an excellent message. Garland Foster accompanied her.

Mrs. Edna Jean York from near Seattle, Washington, is visiting in the parental Rae home. Mrs. York will be remembered as Edna Jean Darden.

The Charles Kennedy family were Amarillo callers Saturday.

Mr. and Mrs. Henry Shipman of Happy attended church services at Wayside Sunday morning and were guests in the Schriebe home.

The Wayside Home Demonstration Club presented a feed-sack dress review at the school house Thursday night. Eight dresses were modeled. Entertainment was furnished by the club ladies and high school girls. "Coon Creek Courtship," a colored play, was presented by Mrs. Curtis McGehee and Mrs. Roy Dodson. Refreshments were served to 86 people. A miscellaneous shower was given at the close of the program to Mr. and Mrs. Bobbie Darden whose house burned one day last week.

The George Hancock family were weekend guests in the parental W. I. Lane home.

The Kotton McGehee family were Canyon callers Saturday afternoon. Mr. and Mrs. Oren Fisher and girls of Canyon were guests in the Charles Kennedy home Sunday.

Mr. and Mrs. W. R. Franklin visited relatives in Happy Sunday afternoon and attended church at the Assembly Church Sunday night.

## Beware of Oysters In Any Month That Are Not Certified

Some people claim oysters are good only during the months which have R in their spelling.

But the Texas State Health Department says oysters are not safe any month, with or without the R, if the seafood has not been cultivated, shucked, packed, and shipped under sanitary conditions.

Texas' veteran state health officer, Dr. Geo. W. Cox, says oysters have much to commend them as a source of food.

"They have protein of good quality, iron, and copper (important as a protection against anemia), iodine, which is essential to proper working of the thyroid gland, and a fair amount of vitamins," Cox says. But he adds emphatically, "Beware of uncertified oysters."

According to the doctor, each oyster grower in Texas is given a certificate of approval for the oyster beds he uses, provided health department officials find the beds are free from pollution, and the shuck-

ing houses are clean and well-kept. Otherwise no certificate.

Each shucking house (where oysters are opened) must have a certificate showing all employees are free from communicable diseases, especially typhoid fever. The certificates are issued annually.

The Federal government cooperates with the State of Texas by keeping a list of all certified shippers in Texas. If a shipper isn't certified by the State Health Department, his oysters can't be shipped in interstate commerce. And since Texas has some fine oyster beds, Dr. Cox says the interstate commerce ruling is an incentive for oyster shippers to adhere to sanitary practices. Otherwise they miss the out-of-state market.

That's the situation on oyster sanitation from a man who knows. So don't look at the calendar when you order oysters. Ask the seller if his product is certified by the proper public health officials.

## Critic of Canyon Failed to Know All The Local Facts

Mayor W. A. Warren displayed an unsigned letter the other day which shows either misunderstanding or misinformation. Perhaps other Canyon folks do not understand these facts, so The News takes time to explain.

The writer said he (or she) was amazed to see the street lights burning in the day time, and protested as a taxpayer about such extravagance. The writer called upon the mayor to cut off the lights and save taxes.

The facts are that the city pays a flat rate for street lights, and if the light company wants to burn them 24 hours per day it costs the city nothing extra.

But the Southwestern Public Service Company does not burn street lights except when they are needed. In order to find trouble in lines it is necessary to turn on the lights at times during the day. That is the only way troubles can be corrected.

So Mr. or Mrs. Taxpayer was off base in his criticism.

Philip Jessup, Ambassador at Large, who was expected to work out a policy for U. S. to follow on China, is pursuing a course of slow motion. Idea is that Congress may cool on the China issue, sparing the State Department the need to define publicly a new policy toward that part of the world.

Hoffman sees ERP ahead of schedule but still far from goal.

Truman calls United Nations the only bulwark for peace.

## A Penny a Month

for an insurance policy

## for Peace

● Sounds unbelievable, doesn't it? But that's all each of us pays to make up America's share in the United Nations. A penny a month... 12¢ a year—less than a package of cigarettes.

And look what that 12¢ from each of us has enabled the UN to do: help break the Berlin Blockade... stop war in Palestine, India and Indonesia.

Bring hope and shelter or resettlement to 1,000,000 refugees and displaced persons... help feed 4½ million children.

What an insurance policy for peace and world security we have in the UN! Don't let this policy lapse. Keep up your premiums: your interest in the UN, your faith in its ideals, your support of its work. It will pay big dividends!

## Bufs Outplayed Houston University But Lost Game by One Lone Point

A field goal try by Junior Melton, wide by inches, narrowly diverted a tragic upset for the University of Houston Saturday afternoon as the West Texas State Buffaloes lost a 14-13 heart-breaker to the fabulously favored Cougars.

The under-dogged Buffaloes started in true fashion by spotting the opposition two touchdowns in the first quarter, finally gained life to score themselves, then proceeded to push the Cougars from one end of the spacious Houston public school stadium to the other. One touchdown was called back, they tallied another, and missed by inches on three other lengthy drives.

Bill Cross, the little Canadian Comet, was at his prime. The same Cross that dealt misery into the ranks of the Cougars last year on

Buffalo Stadium. Seemingly spotted on every play, the speedy little Buff back still romped his way through the Houston line.

It was Cross who early in the second quarter took a screen pass from Gene Mayfield, Quitaque quarter-back, and scooted 37 yards across the slippery rain-swollen turf to score, only to have the play nullified and penalized 15 yards for roughness.

This situation seemed more ironical when in the fourth period, the same Cross was severely mauled by Houston tacklers. The same referee who had nullified the Buffs touchdown, simply warned one violator in particular to "be a good boy and don't do that again."

This isn't to excuse the Buffs however, for on three occasions they were inches away from the coveted Cougar nesting ground only to have magnificent line play on the part of the Houstonians turn them back. Then Melton's attempted placement try was so close it hurt, but with a miss, an inch is as good as a mile.

West Texas hopes went into a "nine-G" powerdrive with two minutes gone in the first quarter.

The Buffs won the toss and elected to receive. Houston took the wind, kicked off and held the Buffs to downs forcing Frank Wise to kick. It was a long booming punt, a typical Wise-deluxe. The ends had time

to cover as Jolly Hartsell, Cougar Safety, gathered the ball in on his own 24-yard line. What happened then will only show in the pictures. Would-be Buffalo tacklers were slipping everywhere as the fleet-footed Hartsell rushed through the mud. He raced 76 yards through the entire Buffalo squad to score. Alan Neveux added the first of two successful conversions to give the Cougars a 7-0 lead.

With six minutes still remaining in the first quarter, the U. of H. drove 55 yards to tally again with Aubrey Baker and Neveux sparking the drive and Baker carrying 16 yards on a pitchout to score. Neveux again converted and Houston led 14-0.

Neveux kicked off to Roy Dunn, Buffalo end, on the WT 25 and the big wingman returned to the West Texas 33½ before he was hauled in. On the first play from scrimmage, Mayfield faded to pass. He picked

faded to pass, tried to run and slipped down on the Houston ten. With fourth down coming, Mayfield on a bootleg tried right tackle, threaded his way to Houston six-inch line where he was piled by a horde of Cougar tacklers.

Neveux again kicked out to Ernsel Kendrick who returned to Cougar 30. Mayfield pass to Joe Ogdon who made a spectacular one-handed catch of the ball and carried to the 20. Wright picked up three through the center to the 17 and Mayfield pitched to C. H. Keeton on the Houston eight. Cross moved off tackle to the four where Mayfield again faded to pass. He retired all the way to the Cougar 23-yard line before spotting Kitchens in the end zone and a touchdown. Melton made his second attempt good and Houston led by one point when the half ended.

The third quarter was played mostly between the two 35-yard lines where Buff linemen held both on the ground and in the air, John Poindexter and Doc Bates, right tackle and right guard respectively, both raised up out of the line to intercept two of Neveux passes in the third period.

Late in that period, Neveux attempted to pass but it was intercepted on the Buffalo 14. There started the second of the Buffs' unsuccessful scoring drives. They moved the ball 85½ yards to the Cougars' six-inch line again before being held by the fierce Houston line. Neveux kicked out for the Cougars and in a matter of minutes they were knocking at the door to paydirt again. Wright took the ball on the Houston 32, burst through a hole in right guard and went for a first down on the Cougar two-yard line. There were eight minutes remaining in the ball game as Houston called time out to regroup their forces.

Wright hit center and was dropped inches from the goal line. He hit it again and was held for no gain. Tommy Airhart tried it and he too was held for no gain. Then Coach Frank Kimbrough sent Melton and Kendrick into the game, an illegal substitution which put the ball on the Houston five and a half-yard line. With Kendrick holding, Melton kicked but the ref signalled no go and Houston took over on the 20.

They managed to control the ball until the fading seconds of the game where the Buffs took over on their own 31. Mayfield's pass to Dunn was incomplete, but on the next play he hit Cross on the midfield stripe. The little speedster was almost in the open when he hit a soggy spot as the Houston safety nudged him and he went down on the Houston 37. As they tried to get another play

Charlie Kitchens in the flat, hit him with a strike and Kitchens was gone. Picking his way through the muck on the east sidelines, the Buff right and navigated to the 20 before he was overtaken. But as he was being grounded he lateralled to Dunn who had circled over and Dunn went the remaining distance to score the Buffs first touchdown. Melton's kick was wide.

Mayfield's passing and the kicking of Wise held the Cougars at bay for the remainder of the first quarter, then as the second period got underway Cross made good a Mayfield screen pass to score, but the play was called back, and the Buffs penalized to their 49 for roughing.

As the Buffs were held to the fourth down, Wise booted out, a spectacular kick, on the Houston two and one-half yard line. Neveux kicked out for Houston on his own 35 and the Buffs started to march.

Charlie Wright hit right guard for five yards and Mayfield passed to Dunn on the 20 who carried on down to the Houston six-yard line where he was tripped out of bounds. After two running plays failed, Mayfield

# Eagles Test Dumas Here Friday, Trampled Clarendon Broncs 19-0

This week the Canyon Eagles meet Dumas in their first conference game and also their first home game at Buffalo Stadium, 8 o'clock p.m. The Demons of Dumas had an open date last week; therefore they will be ready to try to strip the Eagles of their feathers.

In last Friday's battle, the Eagles scored a 19-0 victory over the Clarendon Broncs.

Clarendon won the toss and chose to receive but fumbled on their 35-yard line where the Eagles recovered.

Several ground plays added yardage until Eagle halfback, Landon Barrett smashed over from the six-yard line and quarterback Billy Samples ran the extra point over in the first quarter to put Canyon on an early 7-0 lead.

The second touchdown came when Butler passed to Slack who ran it over. The try for extra point failed.

**Barrett Makes Touchdown**  
Barrett also set up the third touchdown in the second quarter with a 20-yard run. Slack, the speedy Eagle right half, scampered across for the marker. The attempt for the extra point failed and the scoring was closed for the game at 19-0.

Clarendon threatened in the third quarter when Bradford ran the Eagle kick-off 63 yards to Canyon's 25-yard line before he was brought down by Winn, Prater and King.

Bob Busted paid a good job in the kick-off department for the Eagles. On the last kick-off he suffered a recurrence of an old knee injury.

Standouts in the Eagle line were Bill Hall and Norris Root.

## SATISFIED CUSTOMERS

Chances are there are too many of us that are not satisfied with our grades. Of course it is too late to do anything about them now, but the time to start preparing for the second six weeks is now. Instead of having to cram, just review. It is much easier that way. When teachers are talking, pay attention, they aren't talking to themselves, they already know it. I think almost all of us are guilty of this at one time or another, so let's help ourselves, our teachers and our grades by giving all our attention to class.

—By M. K.

## Payne and Winn Return From FFA National Convention

With a loud clapping of boots and a flourish of ten-gallon hats, Travis Payne and Bruce Winn are back from the National FFA Convention in Kansas City, where they stayed for five days.

They attended all the sessions and heard talk of the changing the FFA constitution, which gives the boys who make American Farmer degrees. They witnessed the selection of four Star Farmers.

Some of the sights they saw were: The American Royal Show Barn, the Armour Meat Packing Company and the Chevrolet Assembly line.

While the boys were at the convention they attended the Grand Ole Opera, Wednesday and the Dr. I. Q. show on Thursday night, for entertainment.

"If anyone ever gets a chance to attend an FFA national convention, he should because it is very interesting to watch the national officers carry on a meeting and see how they dispose of business," the boys say.

## CAREFUL BUYING

The Jeweler—Yes, we have cheaper wedding rings, but they're only plated and won't last more than a year or two.

Titus Wadley—I'll take one of them, if my marriage outlasts the ring I can have it replated.

Marshal Tito, Premier of Yugoslavia: "It pays to live, but it also pays to die as one should."

Japanese are held now in position to feed themselves.

## Students Study Library Science

Beginning this week, library science classes will be taught through the grades from the seventh through the twelfth. Students will learn to use the card index of our library as well as the significance of the numbers in the cataloging of the books. They will learn, also, the location of the biographies, travel books, fiction, and nature stories.

Miss Hardaway will teach one grade each day through the course of five or six weeks, and the records of the students will be given to the English teachers to be averaged with the English grade.

The course is highly recommended by the State Department since it acquaints students with standard reference books and the library in general.

"We consider this an unusual opportunity for our pupils since educators feel that the foundation of one's learning begins with the ability and desire to use reference materials. I'm expecting each student who takes the course to find it of great value to him," says Mr. Wooten, superintendent.

## Suffering, Misery Is Doom of Freshmen

But we'll get worms in our apple sauce when we cook tomorrow! Please don't make us carry worms in our pockets! These complaints were heard all day last Monday when the Fish found out what was to take place Tuesday and Wednesday, Freshman Initiation!

The cries of woe were heard to no avail since Tuesday morning the Freshman girls came to school with uncombed hair, no make-up, Levi's, wrong side out with no belt, big boxes to carry senior's books, and yes—you guessed it! Worms in their blouse pockets not to mention other mean things. Each fish was fined if any of the rules set up by the seniors went unobserved.

(That is the reason for the pennies being carried around.)  
The fresh boys wore clothes wrong side out and carried books for the senior boys the first day but on Wednesday many "cuties" appeared in classrooms that smelled of Blue Waltz perfume and onions.

Wednesday the Freshman girls made their appearances in pajamas, skirts up-side down, mouse-traps and clothes pins in their hair and so much make-up one would think C.H.S. was being converted into a school of gypsies. Each day members of the Freshman class performed for the high school students at noon in front of the building.

The seniors enjoyed themselves immensely for two days, but take courage Freshmen, because in just four more years you'll be eligible to torture a few fish yourselves.

## Future Homemakers Conduct First Night Business Meeting

Committee reports highlighted the first night meeting of the Future Homemakers of America last Monday night.

Committee chairmen giving reports included Katie Furlaw, finance and Housene Pritchard, program. Mrs. Perry Bell, chapter adviser, gave the project committee report in the absence of Peggy Moore, the chairman of that committee.

The group voted to participate in the World Christmas Festival which is a program to send gifts to needy people in Europe.

Following the business meeting, refreshments of iced cup cakes and grape punch were served by Juanita Pritchard, Housene Pritchard, June Chain, Christine Mobley and Alice Jean Gill, members of the program committee.

## EXPERT TESTIMONY

The talkative lady was telling her husband about the bad manners of an acquaintance who had recently paid her a visit. "If that woman yawned once while I was talking to her," she said, "she yawned eleven times."

"Perhaps she wasn't yawning, dear," the husband said, "maybe she wanted to say something."

Humans and students, here comes old Cal again just rolling all the gossip that he has collected over his tongue like a sweet morsel.

Did anyone know that Ava Dooley has sweet spells toward Troy Bur-rus?

If any girls get lonesome over the weekend, phone 254-W, 9005-F-3, 339-J, or 347-J and make reservations.

I heard "Slippin' Around" was Robert O'Donald's theme song.

Bob Busted paid a visit to Betty Mitchell last week. Stay right in there Bob!

Robert McClendon is talking out of the side of his mount again. Look out, girls, that is the sign that he has an attack of romance. He's already asked Mary Ruth Hill for a date.

Wayne Prichard was escorting Norma Thompson around again last week in a big way.

Albert Craig is pulling for Melva Martin as football queen.

Gladys Thomas and Bill Phillips; Virginia Thomas and Bill Birdwell stepped out Monday night.

Mary Elizabeth Jennings and Donna Erwin received letters from Travis Payne and Bruce Winn when the boys were in Kansas City. What did they say, girls, I could not read well over your shoulder.

Couples seen together over the weekend were: Joe Abbott and Ruby Lee Bonds, Bob Busted and Peggy Bonds, Norris Root and Jo Parker, Billy Samples and Nelda Ruthardt, Bill Hall and Joyce Payne, and Mickey King and Katy Furlow.

And to those eighth graders, what is this I hear about Bill Pond swooning over Lila Mae Hunter? I vow that is what they said. Plain old swooning. That is a strong word, Bill!

Those fish, Barbara Glanton and Ed Harrell, are sitting very happily and close together most of these days in study hall.

## Senior Personalities

Name: Bobbie Gene Ford.

Favorites—

Actress: June Allyson.

Actor: John Wayne.

Food: Trout.

Song: "You're Breaking My Heart"

Boy Friend: Cuby Kitchens.

Pet Peeve: Dishonesty.

Ambition: Air Hostess.

Personals—

Height: 5' 6 1/2".

Weight: 118.

Eyes: Brown.

Ideal Person: Bill Gregory.

Shoe size: 7.

## Flesh, Blood Spatter Intra-Mural Field

Death! Murder! No, he is only knocked cold on the football field in the intra-mural battle!

Last Friday a fearful din and a dense fog of dirt was raised by the crash of bone on bone and muscle on muscle as the mighty squad from Tulane hurled themselves against the stone wall of the Texas eleven.

Female admirers could not bear to witness such a grueling combat, but ran back into the study hall, pulled handkerchiefs from pockets, wiped faces dripping with tears of fright and shook in terror as stretcher bearer after stretcher bearer bore the unconscious heroes to the dressing rooms to be revived.

Roy McCarter, 250 pound fullback, who is sure to be named all-American, made a first down for the Texas team. Sterling Cummings a slight lad of 320 pounds who is seven feet tall passed to the great end John Miller for Tulane's score. "Streak" as Cummings is better known, then passed to Bluet, formerly from Oklahoma University, for a first down.

A pass by "Bomber" Earl Simon of the Rice team was intercepted by Bill Morton, who last year played for Notre Dame.

"Blaze" Roy McCarter then completed a pass to Bill, Johnnie Lujack, Morton for the Texas team. The McCarter, Morton team clicked three times in a row.

Now each team fought with unsurpassed fury. Harder and harder they fought, team pitted against team in a barbaric frenzy. Canyon's mighty muscled-men resigned themselves to death if necessary to save the honor of the team.

Wonders of wonders McCarter, in the thickest of the battle passed to Billy Bonds for a touchdown in the last two seconds of the game to place the Texas team in the lead 7-0.

All this in Intra-Murals, we hope!

## THINGS I CAN'T DO

Smile when everything goes wrong.

Wear mittens.

Cultivate a moustache.

Walk up an escalator.

Listen to bedtime stories.

Be sorry for not being able to do any of these.

British pound is evaluated by the things it will purchase.

# The Eagle's Tale

## Grade Notes

"Pets and Their Care" is the subject being studied in Mrs. Black's first grade. Pictures of pets line the walls of the class room.

Patsy Sue McNew withdrew from this class and moved to Amarillo.

A tea for the parents highlighted the activities in Mrs. Murrell's second grade this week. Hostesses were Mrs. John Robinson and Mrs. Jack Lauder. Programs and work for the year were discussed. Delicious refreshments were served to the following: Mrs. W. T. Reynolds, Mrs. Roscoe Richardson, Mrs. J. E. Mickey, Mrs. G. W. Prater, Mrs. Gordon Hause, Mrs. Tom Coombs, Mrs. J. B. Hager, Mrs. Mack Rogers, Mrs. Cardess Light, Mrs. Thomas H. Foster and Mrs. C. F. Rogers.

Carol Ann Light spent last week in Denver, Colorado. She visited a broom factory while there and brought her class some broom corn. The children were interested because it was the first they have ever seen.

Two students have withdrawn from Mrs. Rasco Davis's second grade. They are David McNew, who moved to Amarillo, and Sherman Lee Miles.

Mrs. A. K. Goodman and third grade wish to extend their sympathy to Earnie Jo Pond on the death of her grandfather.

A soap drive is being sponsored by these enthusiastic third graders. The Swan Company is giving CARE one bar of Swan soap for every two Swan wrappers turned in. These will be sent overseas by CARE.

The group would appreciate contributions from anyone who cares to help.

Mrs. Cousine and the entire fourth grade wish to extend their sympathy to Vicki Wiggins on the death of her grandfather.

John Winters enjoyed a week-end vacation in Nebraska.

Three students have been absent from Mrs. Brasher's fourth grade. They are Letha Flowers, Lynn Bollman and Jay Rose.

A bulletin board committee has been selected for Mrs. Jones' fifth grade. Charles Neblett, president of the class, chose the following committee: Cecilia Waters, James Craig and Nelda Jean Coffee, chairman. Jimmy McBromm has been absent from Mrs. Walsh's fifth grade due to illness.

The acting bug has bitten the students of Mrs. John Davis's sixth grade. A play, "The Rainbow's End," was given in class featuring the following characters: Perry Neal Slagle, Ralph Miller, Dorothy Crammer and Patty Wallen.

Arlene Cashatt has been absent with a bad cold.

Industries of the Panhandle are being studied as the new industrial unit in social studies in Mrs. Iverson's sixth grade. The class plans to visit some of the industrial places in Amarillo in the near future.

Mrs. Iverson attended open house at the Shirley school, a new grade school in Hereford, Saturday night.

## Spanish Club Elects Officers for Year

Geneva Gressett will be president of the Spanish Club this year. Betty Jean Graham will serve as secretary, and Clyde Root will be treasurer. The members of the Spanish I class elected these officers when they organized the club. Mrs. A. K. Knott is advisor of the group. The club will be permitted to have parties during the year, and they are planning to make a trip to the Mexican Inn. The promotion of international friendship is to be stressed throughout the year.

"The Spanish Club has got off to an enthusiastic start. With this enthusiasm the Spanish students should be able to, and I am sure will, accomplish quite a bit this year," says Mrs. Knott.

U. S. Grants \$35,025,000 to 9 institutions for cancer study.

## Teachers Travel During Summer

A summer in Cheyenne! Sounds wonderful doesn't it? Just ask Mrs. T. E. Beard, who spent the past summer there, and she'll tell you just how wonderful it was. While there she witnessed the rip-roaring Cheyenne Rodeo. Other places she visited were: the Black Hills of South Dakota, Yellowstone National Park, Mount Evans and Estes Park. To climax the summer, Mrs. Beard attended school for a short time in Greeley, Colorado.

The dirt was blowing something terrible. In the far corner of a field near Bovina, Texas, the dim outline of a tractor could be seen. As the dust cleared away, the man driving the tractor became clearly visible. No! It can't be! But it is—our own dear chemistry teacher, Mr. Jack Barnett. Yes, it's true. Mr. Barnett spent his summer, and a very enjoyable one too, on his parent's farm near Bovina.

The main event of the summer for Mr. Ray Schultz was a trip to Nebraska, where he visited relatives. He attended summer school at West Texas State College where he took four educational courses. Following this he spent a week in Austin studying safety education.

## Knott Visits California

"California, Here I come!!" A trip to the "Golden" state marked the highlight of Mrs. A. K. Knott's summer vacation. After visiting her son in San Diego, she journeyed to the northern part of the state where she visited in Salinas. Before returning home a trip was made across the border to Tijuana in Old Mexico. Mrs. Ed Weeks believes in that old saying, "There's no place like home." She spent a very restful summer in the coolness of her home.

## Girls' Physical Education Has One Health Lesson Weekly

Twenty-five girls are reporting for basketball practice every afternoon. Members of the first team will probably be chosen shortly before the playing season opens.

An innovation of the physical education department is the teaching of health one day each week. Four days are left for physical drill. Next year the school plans to offer health two days each week.

"A basic knowledge of simple health rules is a necessity to each pupil. Often the overlooking or non-observance of some of these rules lead to the contraction of a contagious disease," states J. E. Miller, principal.

Something new has been added! Mildred Schmidt is doing part time secretarial work in Mr. Wooten's office. She hails from Tulsa, Oklahoma. Her husband is now attending college at West Texas State.

## Rice, King, Moore, Devin Fill Positions on School Paper

Jo Parker and Melva Martin will head the Eagle's Tale staff for 1949, as editor and assistant editor, respectively. Other members of the staff are Dana Lee Rice, second assistant editor; Mickey King, sports editor; Peggy Moore, copyreader; Geneva Devin, exchange editor, and Albert Craig and Mary Ruth Hill, reporters.

Honors previously attained by Jo, who came to CHS the middle of her sophomore year, are: A Capella Choir, sophomore year; junior play, class favorite, letter in volleyball, and football queen, junior year; and is sports editor on the "Soaring Wings" annual staff and reporter for the F.H.A. of which she has been a member for two years, her senior year.

Melva joined the sophomore class of Canyon High in 1948. She is a member of A Capella Choir and F.H.A. that year. Last year she was sergeant-at-arms of the junior class, Junior Who's Who, and was Halloween Carnival Queen candidate for the junior class. This year she is F.H.A. secretary and is assistant art editor of the "Soaring Wings" annual staff.

## Haines, Bullard Are Queen Candidates

Joanna Haines will be senior candidate for Halloween queen this year. She was elected unanimously in the class meeting last Tuesday.

Joanna has been a member of F.H.A. for four years, and last year she was elected their song leader. She has played basketball and volleyball for the last three years. She is now rounding out her eligibility on the team, playing guard again. This year she is a member of the Student Faculty Congress.

Merle Bullard was a member of the choir and band in her freshman year. While in the sophomore class she was secretary of F.H.A., class favorite, and representative of the S.F.C.

This year as a junior, she is president of Future Homemakers, choir treasurer, and is carnival queen candidate.

Candidates for sophomore, freshman, eighth grade and seventh grade classes will be nominated soon in anticipation of the annual contest at Halloween time.

## HEARD:

Mr. Wooten must really have had "Scott" on the brain last summer. He married one and hired two to teach school this year.

Due to illness, Mrs. A. K. Knott missed school last Monday. Mrs. Nell Pindley taught the algebra and Spanish classes for her.

## County Teachers Make Constructive Plans for Year

The general theme for the year's program of the Randall County unit of the Texas Teacher's Association will be "Getting, Developing and Holding Good Teachers."

Three meetings will be held this year. The first, a panel discussion will have as its subject "Recruitment and the Selection of Teachers." Emmitt Smith, director of Teacher Training at West Texas State College, will serve as moderator at the meeting which will be held Thursday, December 1, in the Branding Iron Theater on the college campus.

The second meeting will be a ban-

quet at the Canyon High School Cafeteria on February 2, 1950. The topic to be discussed that night by some prominent speaker from that field of work is "Pre-Service Education."

"In-service Training" is the subject for a panel discussion by teachers of the unit at the third meeting which will be conducted, also at the Branding Iron Theater on April 13, 1950.

Plans for the year's work were made by the officers at a meeting last Thursday in Dr. Ruth Lowes' office at West Texas State College. The group decided that dues for the year to the unit will be fifty cents, payable to any officer. Mrs. Andy Walsh, president of the Canyon Classroom Teachers' Organization and Jack Walker, assistant professor of speech at West Texas State College, met with the group to as-

sist in planning the programs. "A large number of teachers are showing much interest in the program for the year. Many have been asking about meetings. We urge each teacher of the county to become a member of the unit, and to be present at each of the meetings," says Dr. Lowes, president of the unit.

## WOMAN'S BOOK CLUB STUDY S. W. ARCHITECTURE

On Wednesday, October 12, the Woman's Book Club met in the old Library Room at the courthouse for their regular meeting.

To continue their study of local color in the southwest, this program was devoted to architecture. Mrs. Frank Morgan discussed "Indian Architecture and Its Influence on the Modern." Mrs. H. A. Brown spoke from the topic "Types of

Classical Architecture Adapted to the Southwest."

Those present were Mrs. Joe Findley, Mrs. A. A. Clark, Mrs. Chas. Harter, Mrs. C. A. Murray, Mrs. A. B. Holt, Mrs. J. Evetts Haley, Mrs. S. B. Louder, Mrs. T. B. McCarter, Mrs. H. A. Brown, Mrs. James Cornette, Mrs. S. H. Condon, Mrs. Frank Morgan, Mrs. T. V. Reeves, Mrs. S. L. Ingram, Mrs. C. R. Burrow, Mrs. R. A. Nebbett, Mrs. L. A. Donnell, Mrs. J. A. Hill, Mrs. A. W. Sternberg, Mrs. Ray Campbell, Mrs. Irvin SoRelle, Miss Darthula Walker.

The Canyon News, Canyon, Texas

## Will Labor Destroy Its Own Usefulness

In an article in the Harvard Business Review, Donald R. Richberg, the well-known lawyer and authority on labor relations, who served in the government under the late President Roosevelt, considered the

labor problem the nation faces today. The meat of his analysis is found in this brief paragraph: "You ask me, 'Where is organized labor going?'—and I say that it is going to destroy itself and the American way of life if it does not find better guidance than it is getting today from its self-absorbed, short-sighted leaders and the fuzzy-minded intellectuals who call themselves 'liberals' and 'friends of labor.'"

The nation has recently been treated to some grim examples of that. Probably the upheavals in the soft coal industry are the most revealing. No one can deny that coal is absolutely vital to the maintenance of the American economy, and to the national security. If production were stopped long enough, hardly a wheel would turn in this great country. And one man, who is dictator of one union with some 450,000 members, can say whether coal will be produced or will not be produced. He has called strike after strike and slow-down after slow-down. He has imposed an arbitrary three-day week on the industry, and thus taken over a basic function of management. Most recently, by his refusal to enter into a contract with management—a contract which would be favorable in every particular to the miners—he caused a breakdown of the pension fund system, and another interruption in coal production at a time when the industry should have been preparing for heavy cold-weather demand.

No country can long stand for this kind of monopoly. The financial and industrial monopolies were broken long ago. The union monopoly must be broken now. And it must be broken in the interest of free labor, as well as in the interest of all the rest of the people.

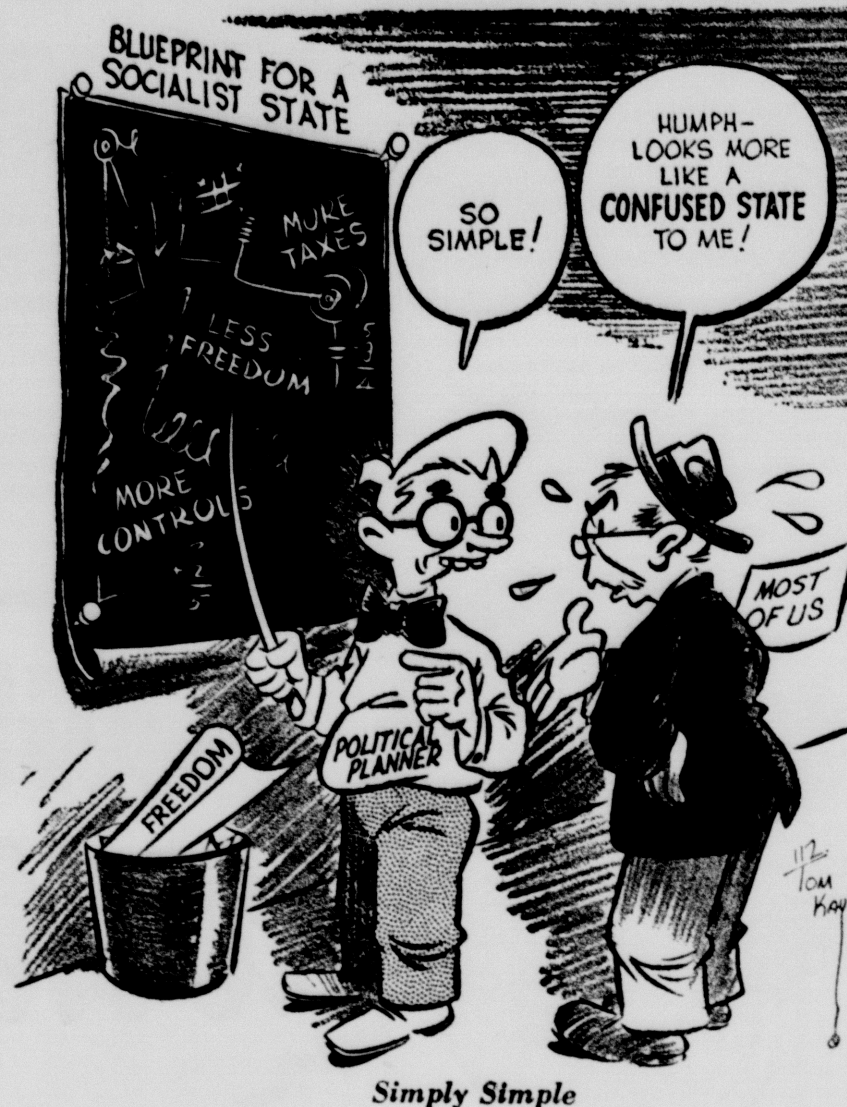

## How Big Can You Get Before It Is a Crime?

The government has instituted an antitrust suit against a very large chain store which served many states. If the suit is successful, this chain will, among other things be dismembered into seven independent companies.

In a thoughtful editorial on the suit, the San Francisco Chronicle said: "We have no quarrel with specific actions against specific violations of law. . . . Our quarrel is with an increasing tendency of Government to attack institutions simply and wholly because they are big and powerful. Size has become a sin in the eyes of the Government. The question for the American people to decide is whether size alone, works to their detriment or their interest. . . ."

"The intent of the Sherman Antitrust Act was not to make the Nation safe from competition, and to guard against monopolies that got into the saddle and then bled the public by imposing high prices. It is not intended as an instrument for the throttling of legitimate free enterprise and the demobilization of mass production—cornerstone of the American living standard and principal bulwark of America's strength." No retailer, no matter how large

## THE AMERICAN WAY

Simply Simple

he may be, has or can have anything remotely resembling a monopoly. Thousands of competing stores, including both independents and chains, are constantly trying to attract his trade through their doors. Success in retailing can be achieved only by selling at reasonable prices, by offering more attractive stocks, by giving better service, or by doing other things the consumer likes. The largest and wealthiest chain would go broke in a hurry if it stopped pleasing the public. The customers would go elsewhere in droves. We have the best, most efficient and most economical mass-distribution system in the world. Competition keeps it that way.

If the government is really interested in destroying dangerous monopolies, it should take a searching look at some of the big, industry-

wide labor unions. These unions can stop production of vital commodities, such as coal, any time they feel like it. The public has no recourse, and neither has management. The union heads are the bosses, and what they say goes. That is nationwide monopoly. It represents absolute power with vengeance. These unions are air-tight "trusts" that menace the security and welfare of all the people.

Advocates of getting the Government out of business should remember that if the Government got out of business altogether, we would have no postoffice, no tariff, no airways and no regulations to protect the public from anything.

Residents in agricultural centers can tell you that when the farmers

Phone 63

have no money to spend, merchants have no money with which to buy goods from the manufacturers.

Most business men want the prices of what they sell fixed to allow them a "reasonable profit" and the prices of everything they buy fixed to accomplish the same end.

Wallace says U. S. already has become "welfare state."

Nearly every church has a few "super-members," who, in their opinion, are the only ones capable of deciding all questions for the good of the rest of the congregation.

Carelessness is what makes homes dangerous and explains the amazing number of persons injured every year in American homes.

...Here's why

- The job is done by Ford authorized rebuilders who work to exacting factory specifications.
- You get an engine thoroughly rebuilt—every engine part new or thoroughly reconditioned. No old parts used "as is."
- Worn crankshafts reground, or replaced; camshaft, bushings, intake valve guides, timing gear, pistons, pins, rings, bearings, rods, valves, gaskets, studs, nuts—all replaced or completely reconditioned. Engine properly cleaned and painted.
- Each engine thoroughly block-tested before delivery to assure you thousands of miles of trouble-free performance and driving satisfaction.
- Each reconditioned engine is unconditionally guaranteed for 4000 miles, or 30 days, whichever is the shorter period.
- Immediate installation—an engine just like new.

Only Authorized Ford Exchange Engines bear this tag ASK ABOUT OUR BUDGET PLAN

## Pieces of Cloth Sent Overseas By Church Women

Canyon Council of Church Women will observe World Community Day with services at the Presbyterian Church Tuesday, November 4, at 3:00 o'clock. Miss Elva Fronabarger will give a book review. The 1949 project for the United

Council of Church Women is "Pieces for Peace," a project to provide cloth for the women of Europe and Asia so that they can make with their own hands the clothing necessities for themselves and for their families.

To help the women of the world over this chance to make clothing, each woman in canyon can begin now to gather pieces of new material. Goods of any kind is precious to women who have nothing, but yard goods of cotton, woollens, or prints

are the most needed. (Rayon is not recommended.)

Yarn, floss, crochet cotton, trimmings—all this can be used. Curtain material, pieces for patchwork quilts—these are not too humble to be put to good use by women eager for work for their hands. But be sure that the material is clean, in good shape, ready for use.

So search your house—the drawers, the attic, the closet shelves. Ask for remnants. Clean out sewing baskets. Collect every piece of usable material.

Remember also that most recipients have no needles, no thread, no tape, probably no good shears, so include as many such items as you can. Tools with which to work can bring new hope to women.

To prepare your contribution, take a piece of light cardboard 15x24 inches in size (to fit the balers which pack the material for overseas shipment), and place it flat on the table. On that base build your pile of materials and clothing. Good garments are not excluded from this project, for they certainly are needed, but the aim is to collect 60% new material. Wrap your bundle in a yard and a half of blue denim (for patching overalls), tie it securely, and take it to the Presbyterian Church where the Dedication Service is being held on World Community Day, November 4.

If you prefer to give an offering of money this contribution will be used to speed these bundles overseas, and to support a program for bringing displaced orphans to homes in America. Half of this offering will go toward continuing UCCW program in peace education and Christian world relations to advance this year's Community Day theme: "Peace Is Possible."

### MOTHER-IN-LAW CLUB MEETS IN DUNN HOME

On Tuesday afternoon, October 13, members of the Mother-in-Law Club were guests of Mrs. E. C. Hawes, Mrs. T. T. Fain, Mrs. M. S. Freize and Mrs. C. W. Dunn in the home of Mrs. Dunn.

The entertaining room were decorated in the Halloween motif, with dahlias used in attractive arrangements.

Roll Call was answered with each member naming her favorite flower.

For the program Mrs. Dunn conducted an interesting fortune game. Mrs. Langston gave a poem about the "South." Mrs. R. D. Lowry read "Round About Halloween" and Mrs. G. B. Combs told of "Going to Church Instead of the Show."

Refreshments were served to Mrs. Belle Word, guest, and Mrs. Cynthia Anderson, Mrs. Combs, Mrs. John Hilgenfeld, Mrs. M. E. Sargee, Mrs. G. B. Bourland, Mrs. P. L. Pitt, Mrs. R. M. Gibbs, Mrs. Fain, Mrs. Fred Marshall, Mrs. Hawes, Mrs. C. C. Cole, Mrs. Mae Johnson, Mrs. C. H.

## OUR DEMOCRACY—by Mat

### PORTENTS AND FORESIGHT

"IF THE MUSKRAT BUILDS THE WALLS OF HIS HOUSE THICK AND DEEP, IT'S A SIGN OF A HARD WINTER... IF HE DIGS SHALLOW BURROWS, THE WEATHER WILL BE MILD."

—AN OLD WEATHER SIGN

GENERATIONS OF AMERICANS HAVE WATCHED THE OLD-TIME SIGNS. BUT, WHATEVER THE SIGN, WE'VE ALWAYS LOOKED AHEAD, PREPARED WELL FOR THE COMING SEASON—MAKING SURE HOME AND FARM BUILDINGS WERE WEATHER-TIGHT, PUTTING BY PLENTY OF WOOD FOR FUEL, LAYING IN A GOOD SUPPLY OF STORES FROM THE HARVEST.

THIS AMERICAN CHARACTERISTIC OF FORESIGHT IS EXEMPLIFIED IN MANY WAYS, ONE OF WHICH IS OUR OWNERSHIP OF LIFE INSURANCE. FOUR OUT OF FIVE FAMILIES ARE TODAY "WEATHER-PROOFING" THEIR FUTURES THROUGH ITS PROTECTION.

Stratton, Mrs. Freize, Mrs. Lowry, Mrs. W. H. Sparks, Mrs. Dunn, Mrs. W. L. Rice, Mrs. M. C. Cleavinger, Mrs. W. I. Wester, Mrs. G. W. Cox and Mrs. Langston, members. The next meeting will be Thursday, November 10, in the home of Mrs. W. S. Myers with Mrs. Wester, Mrs. Steen and Mrs. Gibbs assisting.

Philip Murray, head of the Steelworkers Union, set his strategy with confidence that President Truman

would act to end the strike in steel on terms giving the union something to show for its members that they wouldn't otherwise have had.

Johnson asks Alaska housing funds. Soviet only possible foe.

Farm income off \$1413,000,000 in first seven months.

Japan plans a step toward foreign debt reduction.

# PAY YOUR TAXES EARLY--SAVE DISCOUNT

The Commissioners Court of Randall County has authorized the Tax Collector to give the discount on all taxes as provided by the recent legislature as follows:

3 per cent if paid during October, 1949

2 per cent if paid during November, 1949

1 per cent if paid during December, 1949

This discount is on all State and County taxes that are collected by the County Tax Collector and all apply to all Common School District taxes collected at this office.

## DON'T LET OCTOBER 24<sup>th</sup> BE A BLANK TO YOU...

The UN has one important purpose—to secure the peace! So stand up for it—make up your mind to learn more about it! Remember—on October 24th, the UN celebrates its fourth birthday.

Remember the 24th

## UNITED NATIONS DAY

First National Bank  
Thompson's  
Cole & McGahey

Burrow Lumber Company  
Warren's  
Cooper's Market

Sad to say, there are people like Joe who are skeptical of the UN. They gobble up most of the bad news, but bypass the good news. How about setting those people right? How about telling them that peace takes a little time?

Which of these  
statements  
best answers  
Joe's Question?

- 1 The UN is 4 years old on October 24th. It's done a surprising lot for a 4-year-old.
- 2 The UN is making real progress. It's our best hope for peace. Working it out is better than shooting it out.
- 3 UN is leading millions in non-self-governing territories toward greater self-government.
- 4 The UN already has definitely stopped three wars... in India, in Palestine, and in Indonesia!
- 5 UN has done an enormous job in keeping the peace we won... all at a cost which comes to only 12¢ a year for each person in the United States.
- 6 UN has helped "put out fires" which might have flamed into large-scale war in various trouble spots.
- 7 UN is helping cure conditions which might lead to war 20 to 50 years from now.

Each of the seven statements above is true! They tell a small part of the story of four years' work by the representatives of 59 nations.
